Need Free Europe To Unite Germany

Adenauer, Ike Say In Statement

WASHINGTON (AP)—President Eisenhower joined West German Chancellor Konrad Adenauer Thursday in tying Germany's reunification hopes to a strong free Europe rather than Russia's proposal for four-power talks.

In a joint statement the two heads of government said they have "no doubt that the strengthening of free Europe which will result from the recent London and Paris agreements will aid our efforts to bring freedom and unity to all of the German people."

They found nothing new in the latest Soviet note, one of a series of such notes, they said, which is a mere repetition of the positions taken by Mr. Molotov—Soviet Foreign Minister V. M. Molotov—at the conference in Berlin regarding Germany and European security.

Thus Adenauer received support from the highest level of the U. S. government for his campaign to have the German Parliament put its trust in the Paris and London agreements on German sovereignty and rearmament.

Thursday's statement was issued after Adenauer met for half an hour with Eisenhower and an additional hour and a half with Secretary of State John Foster Dulles. The document repudiated efforts for bringing together the German people now free in the West and under a Soviet satellite government in the East. It said:

"The demand for a reunited Germany in freedom is viewed by us as the legitimate demand of the German people. We are agreed that this aim shall be achieved only by peaceful means. We are convinced of the necessity of continued efforts towards this goal and are agreed that such efforts will be made by the United States and the Federal Republic of Germany together with the governments of the United Kingdom and France."

Name 3 Teen-agers To Receive 1953 Bravery Medals

WASHINGTON (AP)—Atty. Gen. Brownell Thursday announced the selection of three teen-agers—two boys and a girl—to receive the young American medals for bravery or service during the year 1953.

Picked for bravery are: Marilyn Baker Haas, now 19, of Savannah, Ga., who saved four persons in an 11-hour ordeal following a boating accident on July 3, 1953.

Gerald Ray Bergeman, now 14, of Menan, Idaho, who rescued his father and brother from electrocution and drowning in a farm accident June 11, 1953.

A medal for service will go to James Thomas Welch, Jr., 19, copy boy on the Rochester, N.Y., Times-Union, who donated an 8 1/2-inch length of bone from his leg to an 11-year-old crippled girl, whom he did not know.

The medals were authorized, to be awarded annually, by a 1950 act of Congress.

MAN FINDS WIFE'S WORK IS 2 HANDS FULL

CHICAGO (AP)—James R. Lytle has 10 children, 10 rooms and 2 hands full.

Lytle, 41, has been doubling as mother and father since his wife, Margaret, 38, was hospitalized Sunday with polio.

He left his office in the care of two employees and has stayed at his suburban Elmhurst home to wash clothes and ears, cook meals and keep the place tidy.

"By the time there are 10 children," he observed, "you learn how to do all these things."

His eldest daughters, Catherine, 14, and Rosamond, 12, do the dusting, make beds and wash dishes. The other children are Margaret, 11; Mary, 8; James, 7; Judy, 5; David, 4; Patricia, 3; John, 2, and Robert, 1.

British Dock Men Accept Conditional Compromise

LONDON (AP)—Striking British waterfront workers accepted a government compromise plan Thursday night for ending the crippling London dock tieup. But they insisted all other British ports agree to the terms of the plan before they would go back to work here.

The 11th hour hitch in negotiations hinged on how the compromise formula could be applied to the affected ports of Liverpool, Southampton, Hull, Manchester, Birkenhead and Garston. The spreading strikes—most of them wildcats—have tied up half a billion dollars worth of goods and idled 340 ships.

Stevenson Claims Demos Will Give Support To Ike

TRENTON N. J. (AP)—Adlai Stevenson said Thursday night President Eisenhower's prediction of a political "cold war" if a Democratic Congress is elected seems "singularly unrealistic and ungrateful."

Stevenson, the Democrats' defeated 1952 presidential candidate, said in a prepared television speech, "Where the Eisenhower program has been responsible and constructive, it has not only received unstinting Democratic support, but that support has in many crucial cases provided the President his margin of victory."

"This would strongly suggest that a Democratic majority in the Congress could be trusted to support the President on basic questions of security and welfare," the former Illinois governor said. He spoke at the Trenton War Memorial Building after a day of campaigning in New Jersey for Democratic senatorial candidate Charles R. Howell and the party's congressional candidates.

Stevenson charged Republican candidates are unable to talk sense about foreign policy, economic issues or civil liberties. "So if they can't talk sense," he said, "all they can do is stamp, shout and scream—about their opponents and Communists in government."

Reds Increase Pressure On Polish Catholic Churches

VIENNA, Austria (AP)—The Communist Polish government ordered the closing of the theological schools at three Polish universities and forced Communist "patriotic" priests into the teaching staff of a fourth, the Vienna Catholic News Service said Thursday. It said this increased pressure on the Catholic Church in Poland was probably caused by the recent appointment of an arch-Communist, Jan Izidorczyk, to the post of chief of the office on religious matters attached to the Warsaw government.

Divinity schools were closed at the universities of Warsaw, Krakow and Poznan, while four Communist priests with executive powers—such as deciding on the curriculum—were sent to the staff of Lublin University, the local news service said.

PRISON INMATES GIVE 40 GALLONS BLOOD

SPRINGFIELD, Ill. (AP)—The American Red Cross announced Thursday that Pontiac Penitentiary inmates gave more than 40 gallons of blood in donations Wednesday.

Hemingway Wins Nobel Prize For New Style Of Writing

STOCKHOLM, Sweden (AP)—The 1954 Nobel prize for literature was awarded Thursday to American novelist Ernest Hemingway for creating a new style in modern writing—lusty and action-packed.

Thirteen members of the Royal Swedish Academy of Literature, sitting around a green and white table, selected the 56-year-old portrayer of death, violence and abortive love affairs. They voted this citation:

"Ernest Hemingway for his powerful mastery, which has created a new style in modern literature, as recently demonstrated again in 'The Old Man and the Sea.'"

The prize is a gold medal and a check worth \$35,000. Hemingway, author of such classics as "A Farewell to Arms" and "For Whom the Bell Tolls," will not be here Dec. 10 when Sweden's King Gustaf Adolf VI presents the Nobel literature, medi-

The Labor Ministry said it has presented the strikers' conditions to the National Assn. of Port Employers.

The ministry said its stand was that the extension of the compromise formula was not possible because the dispute—over compulsory overtime—arose in London and was confined to that port and the proposals had been discussed only with the parties to the dispute.

The strike started in London when some 11,000 members of the National Amalgamated Union of Stevedores and Dockers walked out to push demands that overtime be on a voluntary basis rather than on a compulsory basis. Dockers in the other port cities defied their union heads and walked out in sympathy, raising the total on strike to 43,000.

The Labor Ministry said there is no dispute about overtime in any port other than London.

The government compromise called for a return to work under the usual conditions, with overtime held to "reasonable limits." Negotiations also were to be resumed to work out practical arrangements on the overtime question.

Indict Teamsters' Agent On Charge Of Racketeering

SPRINGFIELD, Ill. (AP)—An AFL union business agent in Springfield was indicted Thursday by a federal grand jury on labor racketeering charges.

Guy T. Long, 47, business agent of Teamsters Local 532, was indicted with Edward J. Pavlat, former business agent of Teamsters Local 15 at Galesburg. They were accused of extorting and conspiring to extort \$2,501 from an Oklahoma contractor who was building a pipeline from Bristow, Okla., to the Chicago area.

Long is president of the Illinois Teamsters and Chauffeurs Joint Council 65, which represents about 30,000 downstate members of the union.

Pavlat was convicted Oct. 6 of a similar racketeering charge and is serving two years in prison. Edwin Snyder of Quincy, also a teamsters business agent, was convicted with Pavlat and received the same sentence.

Asst. U. S. Atty. Robert Oxtoby said that in the new case, \$2,501 in payoffs were made after work stoppages, wasteful labor practices and threats of trouble against the O. R. Burden Construction Co. of Tulsa.

Oxtoby said that even though Pavlat is in prison he will be prosecuted under the new indictment.

The grand jury which has been investigating labor racketeering charges off and on since last summer has indicted a total of seven local union officials in Illinois. The jury will reconvene next week.

The Soo Canal between Lake Superior and Lake Huron is closed by ice four months every year.

Defense Attorney Fred W. Garmone, questioning a tentative juror, in the murder trial of Dr. Samuel H. Sheppard, often stands within earshot of the jury box and the press section. When Defense Chief William J. Corrigan suggests a line of questioning, he wraps his arms around Garmone, puts his mouth up to his ear and whispers. It looks like a loving embrace or the prelude to an Apache dance.

Select Jury Of 7 Men, 5 Women For Murder Trial Of Dr. Sheppard

CLEVELAND (AP)—A jury finally was sworn in Thursday to try Dr. Samuel H. Sheppard for the murder of his pregnant wife, Marilyn.

It is made up of seven men and five women, including housewives and mothers, childless men and fathers, a timekeeper, a hardware store manager, a Negro divorcee, an industrial engineer, a tool and die maker, a railroad ticket cashier, a receiving clerk, a real estate agent and a construction superintendent.

Only one member is a college graduate—James C. Bird, the cashier, who once taught school in Beckley, W. Va.

None of the 12 moved in the relatively exalted social strata of the 30-year-old defendant. Sheppard's family is one of the most prominent in Bay Village, a suburban town of 11,000 about 12 miles west of here on Lake Erie.

Common Pleas Judge Edward Blythin called the 12 seated jurors above average for his courtroom, and "fair . . . impartial . . . intelligent."

Just before the jury was sworn in the ninth day of the trial, defense attorney William J. Corrigan renewed his motions for a delay or a transfer of the case to another county. Judge Blythin turned them both down.

The next order of business was the selection of two alternate jurors, who will substitute for any regular panel member who becomes ill or dies. First evidence in the case is not expected before next week.

The position of the alternates must be filled in one-two order. Each side has two peremptory challenges per position—or eight in all.

Before court adjourned for the night, each side used one of these to eliminate the only two prospects examined during the afternoon. The state excused James A. Kaczmarek, a postman and one-time (Continued On Page 13)

Reduce Batchelor's Life Sentence To 20 Years

SAN ANTONIO, Tex. (AP)—Saying he hoped an example of mercy would help Cpl. Claude J. Batchelor regain his belief in American ideals, the 4th Army commander Thursday reduced the young soldier's life sentence to 20 years.

The 22-year-old Kermit, Tex., soldier was convicted here Sept. 30 after a month-long court-martial on charges of aiding the enemy while a prisoner of war in Korea.

Lt. Gen. I. D. White Thursday upheld the conviction which included a dishonorable discharge with forfeiture of all pay and allowances.

"In the hope that Corporal Batchelor today, in retrospect, appreciates that the American way of life is worth many sacrifices and privations, I have reduced the sentence," White said in a statement accompanying the review of the sentence.

"The decision is like cutting off a man's head at the eyebrows instead of at the neck. It still kills him," said Joel Westbrook of San Antonio, Batchelor's civilian attorney.

"We are going to continue to work for Claude's freedom," said his mother, Mrs. O. L. Batchelor in Kermit. "We feel he should be freed. We will be satisfied with nothing else."

HORSE BURGLARS SAN DIEGO, Calif. (AP)—Horse thieves? No, Senior Sheriff, said B. A. Rameriz, thieving horses. Rameriz, who operates a hog ranch near the Mexican border just south of here, said the two horses kept coming to his place and stealing hay.

Report 'Every Vice Known' Found In Phenix City, Ala.

MONTGOMERY, Ala. (AP)—The military commander of Phenix City says investigators have found evidence of "every vice known to man" in the crumbling ruins of a once-powerful racketeering domain.

"There's hardly a crime on the statute books we haven't uncovered," explained Adjutant Gen. Walter J. (Crack) Hanna, whose National Guardsmen have replaced civilian law enforcement officers in the faded city of sin.

"It's the damndest place I've ever heard of," the tough two-star general added. "But it's over now. The gangsters are gone and their rackets have been smashed. Phenix City is cleaned up for good."

Specifically, Hanna said raiding teams of guardsmen and state highway patrolmen uncovered evidence of "murder, arson, rape, burglary, abortion, robbery, election stealing, jury tampering, narcotics, bribery of public officials, crooked gambling, and just about any others you can name."

The emergency grand jury empaneled to prosecute the vice lords has returned 585 indictments thus far with more expected next week. Although the indictments have dealt chiefly with gambling, they also cover most of the other crimes mentioned by Hanna.

Fourteen of the 78 defendants under indictment have been convicted or pleaded guilty. The others face trial in special sessions of court which will resume Nov. 15.

Color Code On Tax Return Envelopes Will Remain

WASHINGTON (AP)—The government is not going to change the colors on its new tax return envelopes, even though they could conceivably disclose to a few busybodies how well you did financially last year.

A spokesman for the Internal Revenue Service said the printing presses have been turning out the 1954 tax packets for more than two weeks, and that it would be too late to make a change now, even if it were considered advisable.

To expedite the handling of the returns, which will be mailed directly to some 50 million taxpayers at the end of the year, the revenue service is using envelopes with a quarter-inch red stripe for those who reported incomes of less than \$10,000 for 1953.

Those who reported more than \$10,000 will get a different kind of return in an envelope marked with a yellow stripe.

Thus the mailman and anyone nosy enough to watch him closely from his rounds could get a rough idea of your salary bracket last year.

Power Contract Okay On Split Decision, Paper Claims

ST. LOUIS (AP)—The Post-Dispatch reported Thursday that approval of the proposed Dixon-Yates contract by the Federal Power Commission was by a split decision and lacked full support by the commission's staff experts.

In a dispatch from Washington, the newspaper said it learned Commissioner Claude L. Draper dissented in a 4-to-1 opinion by the FPC. Draper was appointed to the commission in 1930 by former President Herbert Hoover and now is its vice chairman.

President Eisenhower said Wednesday the public is perfectly and splendidly protected by the proposed contract, which has become a hot political issue.

The contract never has been made public, but details have leaked out. Terms of the contract are designed to insure the Dixon-Yates group a profit of 9 per cent on its investment with no specified profit ceiling.

Under the proposed contract the private Dixon-Yates power group would build a 107½-million-dollar steam-electric generating plant at West Memphis, Ark., to supply power to the Atomic Energy Commission through the public lines of the Tennessee Valley Authority.

The Post-Dispatch said top legal and rate experts of the FPC staff did not give their approval to the proposed contract although they normally would be the principal officials concerned in such a study by the agency.

The newspaper said the document was not cleared with the general counsel's office or with Charles W. Smith, chief of the Bureau of Accounts, Finance and Rates.

Approval of the proposed deal by the FPC was based principally, the Post-Dispatch said, on a favorable report by Francis L. Adams, chief of the FPC Bureau of Power.

In Washington, however, Draper said he did not dissent.

"When the commission first approved the contract back in August I was not here," Draper told a reporter. "When it came up again (Continued On Page 13)

Queen Mother Sees New York Like Other Tourists

NEW YORK (AP)—Queen Mother Elizabeth of England spent her first day here much like other visitors to the Big Town—she toured the Metropolitan Museum of Art and saw a Broadway show in the evening.

The royal tourist also attended a luncheon given in her honor Wednesday by the Canadian Club in the Waldorf-Astoria Hotel and unveiled at the club a formal portrait of her daughter, Elizabeth, Queen of England.

The gracious, charming Queen Mother said her daughter "will be delighted to know that her portrait will hang here in this great country, Canada's close neighbor and friend."

The club gave her a gold medalion which she said she would treasure "as a reminder of my visit to you."

GET A HORSE

BOSTON (AP)—Boston's police department's methods may be up to date but at least one division name is certainly outdated. The bureau that keeps tabs on Boston's taxicabs and cabs is known as The Hackney Carriage Bureau and the commander of the bureau has the horse-drawn title of "Inspector of Carriages."

Those Yellow S-T-O-P Signs About To Turn Bright Red

WASHINGTON (AP)—New developments keep popping up in the most surprising places. Like traffic signs, for instance.

This would seem to be a field in which everything had been settled and done with long ago. And yet the Bureau of Public Roads reported Thursday it has mailed state highway departments revisions in the "Manual on Uniform Traffic Control Devices." It took 22 typewritten pages merely to list the changes.

Sample revision: That yellow stop sign you've been stopping at—well, anyway, slowing down at—all these years. It's on the way out. A red sign, with S-T-O-P in big white letters, already is used in many places. It soon will be standard everywhere.

Your reporter, like most motorists, has never given a nickel's worth of thought to where traffic signs came from. So it seemed like a good time to drop around and ask R. E. Royal of the bureau. "What's up?"

Makes Bid For GOP Congress

WASHINGTON (AP)—President Eisenhower told cheering followers Thursday night: "Let's roll up our sleeves" and elect another Republican Congress to "keep our government from floundering while the world burns."

Recapture of control of the legislative branch by the Democrats in next Tuesday's election would lead to "a hopeless jam" in the business of running the government "in this age of peril," Eisenhower declared in a speech broadcast to the nation by radio and television.

The chief executive's talk at a Statler Hotel dinner sponsored by the National Citizens for Eisenhower Congressional Committee was perhaps his hardest hitting of the campaign. Cheers and applause punctuated his remarks at frequent intervals.

The committee is made up of independent voters and dissident Democrats, groups which contributed importantly to the President's 1952 victory, and he appealed to them and his TV-radio audience to get out and vote Tuesday.

Striving to dispel what he termed puzzling voter apathy, the President said a GOP victory calls for "talking to your neighbors, ringing doorbells" to crowd the polling places.

"Let's roll up our sleeves and get to work—for a stronger America, good government, and a world at peace," Eisenhower said. "Let's have another Republican Congress."

The chief executive laid heavy emphasis on what he termed the dangers of a divided government, with one party in command of the White House and the other of Congress.

"To go ahead, we must prevent a split government. The job is clear. The progressive program which the vast majority supported in 1952 needs now the reinforcement of their 1954 votes."

"So the job is to get the voters to the polls. Thus we will keep our government from political floundering while the world burns. Thus we can go ahead, in this age of peril, building a stronger, better America and a lasting peace in the world."

In his speech Thursday night, the chief executive dwelt at length on what he feels the results will be if the Democrats recapture Congress.

Envisioning the situation with Democrats as chairman of the 30-odd congressional committees, Eisenhower said:

"When pressures of party loyalty and obligations influence legislative leaders and committee chairmen to oppose the president, there are many things they can do. History shows that both parties have indulged in these obstructionist practices, at grave risk to our country's good."

He also said on that same theme:

"For the next two years, the executive branch will be Republican. Confusion can be avoided and steady progress assured only by electing a Republican majority to Congress."

Haiti Voodoo Dancers To Be In City Friday

The appearance Friday night at Jacksonville high school at 8:00 p.m. of the Jean Leon Destine dancers promises local audiences a wealth of unusual entertainment. Haiti, the land of their origin, is known to all for its Voodoo ceremony or dance. The Voodoo ceremonies are said to take place in courtyards under the spell of drums handed by expert hands. To some of us, Voodoo means nothing more than barbaric primitive practices which may lead to emotional excess of the most extreme kind. Probably it is closer to the truth, however, to say that Voodoo practices are passed down among the peasants of Haiti from the earliest of times, and that they deal with the spirits of the universe and how to keep them in harmony with those peasants living today. Religion plays a strong part in the ritual patterns and songs and the drum

is in itself a sacred instrument. Haiti is the oldest negro republic. Although its culture is French, its growth and development has been largely influenced by the exodus of slaves from the United States following their emancipation in about 1863.

Those who attend Friday's performance will find all the color and romance of the island for their full enjoyment. Many Haitian musicians have centered their work about the orchestration of their country's folk music. Justin Elie has works which include the "Babylon" suite of four oriental sketches, and also the colorful "Dances Tropicales" with their Haitian and Cuban motives. Occide Jeanty, who composed "1804" has an heroic march depicting the Haitian epic of independence.

Attendance at the Destine Dances is sure to be comparable to taking a cruise to an exotic land of primitive rhythms. The general public is urged to go to Jacksonville high school for this program. Lecture series tickets will admit anyone. Individual tickets may be purchased at the door for \$2.00.

BAG GAME WITH TOY GUN

GRAND RAPIDS, Mich. (AP) — A pair of 5-year-old boys, armed with a broken toy shotgun, crowded together over their hunting trophy—a live but dejected pheasant peering from an improvised coop.

The hunters, Jerry Lee Peck and Brian Maynard, surprised their parents when they brought home the bird, clutched in Jerry's arms.

The boys stoutly insist, "We shot it with our gun." Neither family has been able to solve the riddle.

Large Crowd Hears Missionary Speak At Concord Church

Rev. Earl M. Smith, missionary to Uruguay, spoke at the Concord Methodist church last Monday evening. The service was opened by Rev. Dunning, pastor of the church. After a brief devotional session Rev. Smith showed colored slides of the missionary work done in Uruguay and other countries in South America.

Some of the facts that Rev. Smith mentioned were: South America is not a Catholic continent as many people believe; Montevideo, a city of 80,000 has just three churches, two Catholic and one Protestant. This means that if everyone in the city wanted to attend church and they took turns, a person could attend only once in 14 months and in the last four years 21% of the people have joined the Methodist church.

Pothuck supper preceded the service and the evening was enjoyed by everyone.

Scouts Receive Awards For Fire Inspection

"Fire kills 12,000 persons a year in the United States and kills and cripples more children each year than polio," Capt. Harry Wolfe of the Western Actuarial Bureau told 120 local scouts, fire insurance agents, firemen and interested citizens at a luncheon meeting Wednesday noon at the Dunlap hotel.

Capt. Wolfe and thirty-one members of the Illinois State Fire Prevention Association were in the city making a fire inspection of all business houses, schools and churches. They were assisted by Fire Chief Reynolds and members of his department and by 35 Jacksonville Boy Scouts.

Wilford Queen, chairman of the noon meeting, introduced Mr. Earl Hazen, president of the Illinois Fire Prevention Association, who presented certificates of award for meritorious civic service to each Scout participating in the inspection. Those receiving awards were:

Rennie Queen, Jerry McCurley, John Hamilton, Ivan Dunn, Jim Whitlock, James Turner, David Bone, Rex Henly, Van Selden, Charles Gaudio, Jim Walker, Tom

Schuetz, Robb Isaacs, Don Maxwell, Mike Templin, J. Weir Lynn, Harold Ward, Bill Messersmith, Bill Hitt, Bill Thomson, Bill Sanders, Raymond Cosgriff, Robert Reavy, Billy Bonacorsi, David Corey, Tom Wright, Michael McCurley, Gary Kinnett, Mike Smith, Tommy Shanley, John Clancy, Alim Henderson, Earl Terwische, Carl Anders, Jack Hunter.

Following the presentation of awards Mr. Hazen introduced Chief Wolfe who gave an interesting talk concerning the causes of fire. He pointed out that 93% of all fires are caused through the carelessness of people and that only human observation of fire safety rules can stem the growing loss of life and property due to fire. The speaker, who served on the Chicago Fire Department for 21 years, also demonstrated how fires start from spontaneous combustion.

The city wide fire inspection was sponsored by the Jacksonville Chamber of Commerce and the Jacksonville Fire Department and was assisted by the local agents for capital stock fire insurance companies.

Interpreting The News

By J. M. ROBERTS
Associated Press News Analyst

A little more than nine years ago the name of Germany was a curse on the lips of the world.

Just six years ago last month an aging and rather moth-eaten looking group of men assembled at a museum in Bonn, under the sponsorship of the three Western occupation powers, to lay the groundwork for a new West German government.

Most of them had reached the prime of their political lives in the Weimar Republic before Hitler. Their dusty-looking black Prince Alberts and their cracked though highly polished shoes, the presence of Russian troops in a large portion of their country, all contributed to a look of futility. The only vigorous-looking man was the Communist delegate, in a gray suit, Max Reimann.

But Max Reimann and his cohorts never rose above the ranks of nuisances in the New Germany. Another man emerged, displaying a type of leadership almost entirely new to Germany.

Konrad Adenauer became Chancellor of Germany, with a platform closely akin to that of Robert Schuman, Jean Monnet and a few others of the French leaders, a platform which said what was good for Europe was good for their countries.

Adenauer has fought long and

hard not only to find a place for Germany in Europe, but to get Germany to accept the idea of partnership instead of domination.

He had the courage to make politically distasteful and even politically dangerous concessions in order to achieve the Western European Union.

As a result, he comes to the United States hailed generally as one of the world's truly great men.

Of what now becomes the Big Four, he is the only official who has been constantly on the scene through all these six years of developments. When he began he was a puppet, in a sense, his nation's house actually being under Allied control. Now he negotiates as an equal for a country which is very nearly equal in the partnership.

He negotiates for a country which has done better with its economy since the war than any other in Europe; a country which will add more than half the number of divisions which the United States provides for world defense against communism, although it is a nation whose national product is only one-tenth of that of the United States, and population only one-fourth.

Six years ago, who would have thought it?

Explain Acoustic Training For The Exceptional Child

South Central Chapter of International Council for Exceptional children held its regular meeting Wednesday night in the Mt. I. S. room at the Illinois School for the Deaf. Miss Hazel Bothwell arranged the program, which was a panel on Acoustic Training.

Virginia Gray introduced the speakers. Mrs. Perol Thorn, teacher at the Illinois School for the Deaf, told the group about her program in acoustic training, and then gave a demonstration of the various techniques employed. Miss Margaret Frye, speech correctionist with the Jacksonville public schools, discussed speech handicaps and auditory training for the hard-of-hearing child. Mrs. Joanna Cur-gill, primary teacher at the Illinois Braille and Sight-Saving School, explained the values and methods of acoustic training for the blind child.

The Mutual Improvement Society of the Illinois School for the Deaf, in charge of Mrs. Doris Orman, served refreshments. Arthur Yates handled the arrangements.

The next meeting will be held on Tuesday, November 16, at Lincoln school.

Claims Record For Nonstop Oratory

OLDHAM, England (AP) — Kevin Sheehan claimed a world record for nonstop oratory today. He has been talking continuously since Monday morning.

Rambling hoarsely toward his goal of 127 hours, the 28-year-old Irish babbler was already well beyond what he said was the previous mark of 36 hours—"held by some Russian."

Sheehan is holding forth in a local ballroom.

He reported to newsmen: "I am suffering from headaches and swollen glands but I am going to carry on until my record is unbeatable."

His topic: "The Uncanny Things of Life."

Member Tells CWF Circle About Hospital Service
Circle four of the CWF of Central Christian church, Mrs. T. Ray Baker, leader, met Wednesday at the home of Mrs. Homer Wilson on Mound Road with Mrs. Charles Bealmeier assistant hostess.

The leader called the meeting to order with prayer and later announced two dinners to be served by the circle at the church. There were 20 members present and two guests, Mrs. Claude Winter and Mrs. Walrus Bealmeier.

Mrs. Carl Swanson conducted devotions with the subject, "Cities of Refuge." Mrs. Lester Reed gave the program on "My Brother's Keeper," which was very interesting and concerned her experiences doing volunteer service work at the Jacksonville State Hospital. Mrs. Reed introduced Mrs. Alta Mae Elsch, music department head at the hospital who presented two talented student-patients, vocalist and violinist whose selections included "When I Grow Too Old To Dream," "I Need You," and "Answer, My Love," vocal and instrumental, "My Happiness" and "If I Give My Heart To You."

The missionary lesson was presented by Mrs. Nellie Rice. At the close of the program the hostesses served lovely refreshments.

The November meeting will be "1" on the 17th of the month at a location to be announced.

Publishers 'Mean Business' In Comic Cleanup

By ROWLAND EVANS JR.
WASHINGTON (AP)—The Administrator of a new cleanup code to take horror and sex out of comic books says publishers who have signed the code "mean business."

Charles F. Murphy, for 10 years a New York City magistrate and a specialist on teenage delinquency, announced the new code Wednesday night.

Industry members including 28

publishers, 26 of whom have signed the code, asked Judge Murphy last month to go to work on the problem. They gave him \$100,000 as a starter.

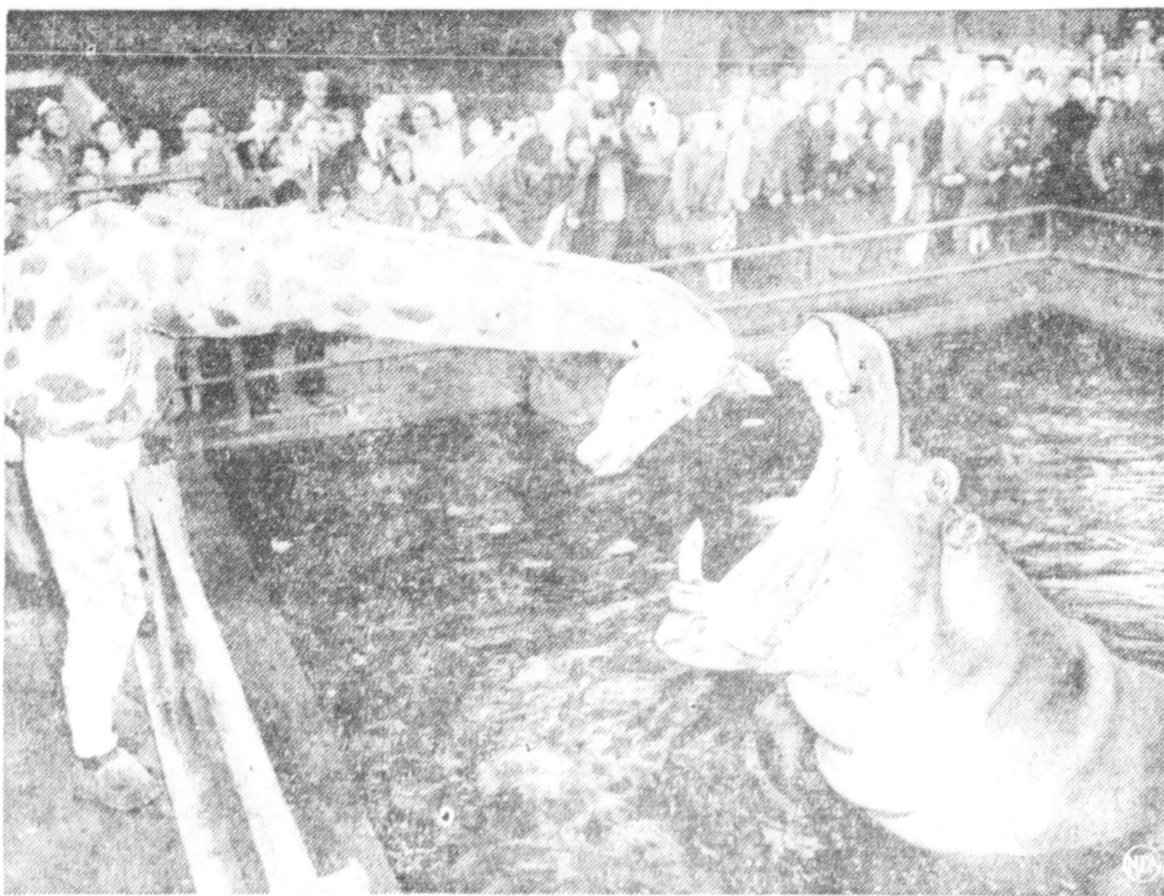

Murphy told a news conference he has already hired five full-time reviewers to check the content of comic books while still on the drawing board.

A special Senate subcommittee earlier this year probed possible connections between horror comics and the growth of juvenile delinquency. There have been protests from parents across the nation that some comics on the market are not good for impressionable teenagers.

Murphy said the new code grew from this "public clamor." He said he had every hope of adding to the code's supporters the three non-signing publishers, identified as Classics Illustrated, Dell and William Gaines.

John Goldwater, president of the Assn. Comics Magazine of America, said the Dell Publishing Co. accounts for nearly 25 per cent of all comics published in this country.

Murphy said the code will be enforced with the help of public opinion. He said a special seal showing compliance will be stamped on the jackets of ap-

proved comics.

Some major items in the new code:

Good shall always triumph over evil; criminals shall never be treated as "glamorous;" the "unique details" of a crime will never be revealed; scenes of "excessive violence," brutal torture, excessive and unnecessary knife or gun play, physical agony, gory and gruesome crime" are not allowed; the word "crime" shall never appear alone on a book's title.

No comic magazine may use the word "horror" or "terror" in its title. Scenes of lust, sadism, machism and excessive bloodshed are out. All effort should be made to use "good grammar." Girls in sweaters will be drawn "without exaggeration."

Each American consumed 76.6 pounds of beef, on the average, in 1953.

Alexander P.T.A. Lists Committees

The October meeting of the Alexander P.T.A. was held last Wednesday evening, Oct. 20, at the school. After a short business session conducted by the president, Mrs. John Wiegand, committees were appointed to serve during the coming school year.

The committees are: ways and means, Mr. and Mrs. George Fulton, R. W. Negus, Leslie Ankrom and Mrs. Gwendolyn Lee; purchasing committee, Mr. and Mrs. J. A. Berschneider, James Harris, Joseph Wallbaum and Mrs. Thelma Davis; program, Mr. and Mrs. Robert Foster, Leo Walsh, Leslie Clemmons and Miss Marjorie Tibbs.

The program committee for the evening was Mr. and Mrs. Leslie Clemmons who presented Miss Marjorie Tibbs, band instructor for

unit one, who accompanied by Miss Devlin at the piano, played several saxophone numbers.

Mr. Caldwell of Jacksonville entertained with acts of magic.

At the close of the program mothers of the first and second grade pupils served refreshments in the school dining room. As the meeting adjourned the announcement was made that mothers of third and fourth grade pupils will be hostesses at the November meeting.

Says Draft Threat To U.S. Top Stand In Engineering

CHICAGO (AP)—The drafting of gifted American youngsters into the Army before they can complete their education may allow Russia to gain supremacy over the United States in science and engineering, an Illinois educator said Wednesday night.

Dr. John T. Rettallata, president of the Illinois Institute of Technology, told a regional meeting of the American Iron and Steel Institute that Russia has been expanding training in those fields more rapidly than this country. He said this is partly because U. S. draft boards induct students when they complete four years of college.

He said the U. S. has about 500,000 engineers and 200,000 scientists compared with an estimated 400,000 engineers and 150,000 scientists in the Soviet Union.

Rettallata said Russian engineering graduates totaled 134,000 from 1932 to 1954 against 116,000 in the United States. Only part of engineering graduates in this country are available because of R. O. T. C. commitments. United States industry needs about 30,000 new engineers annually for replacements and to fill new jobs, he said.

He added, Russian engineering students are given more intensive training in their particular technical fields than are Americans. Russia also is giving heavy emphasis to graduate study, particularly in engineering and science, he said.

"In contrast," he said, "graduate education in the United States is having difficulty retaining students because of local draft board policies in some parts of the country."

"Generally, college students with satisfactory scholastic records are deferred until they complete their undergraduate work. It is disturbing when students have ability and desire to pursue advanced study and are prevented from doing so."

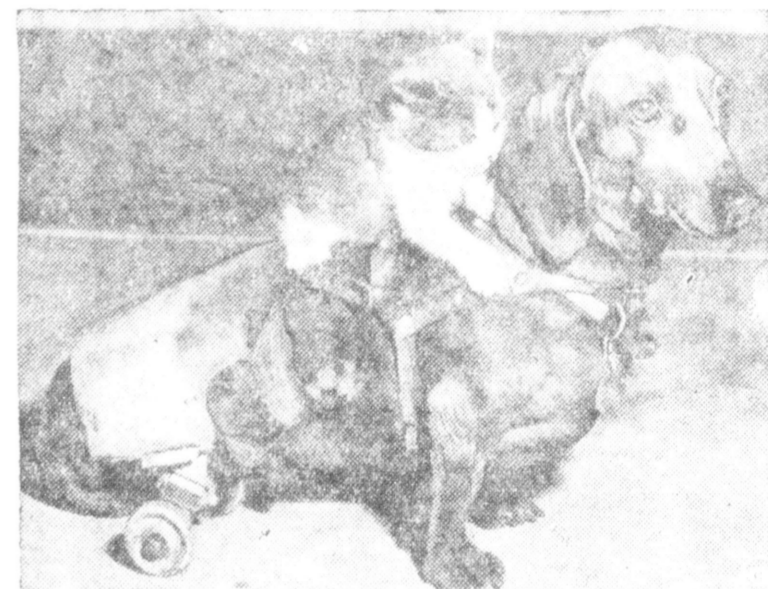

Dr. Rettallata asserted that the best candidates for future scientific and engineering leadership must have training. He said such deferment policies are a "serious mistake" because, he said, the real contributions toward fundamental research are made in the graduate field.

NIGHTTIME CLIP NOW LEGAL.
MUNCIE, Ind. (AP)—You may get a haircut in Muncie at night now. Elmo Cooper, who operates an all-night barber shop, was arrested on a 1937 ordinance which forbids shaves and haircuts after 8 p.m. But Circuit Judge Ralph Dennis dismissed the charge, saying the ordinance is unconstitutional.

Iron ore carriers on the Great Lakes are as much as 714 feet long.

DISCOVERY—Over 10,000 of these U. S. stamps issued in 1933 to commemorate the 400th anniversary of Columbus' discovery of America, have been found in London, England. The stamps originally cost \$1134.60, range from one cent to \$5 each and depict scenes from the life of Christopher Columbus. How they got to England is a mystery. They will be auctioned to the highest bidder.

FREE-WHEELING—A special sling devised for Fritzell, a San Jose, Calif., dachshund, enables him to get around and even pick up passengers. He has a ruptured disc of the spine, and it'll take about three months to heal. In the meantime Fritzell will have to travel on the roller skate, an added feature of the sling.

IT'S YOUR MOVE—A chess tournament with humans acting as pawns, bishops and knights is played in a Vicenza, Italy, pagoda. Dressed in medieval garb, contestants play the game while human chessmen, elaborately costumed for their parts, duplicate the moves on a giant chessboard laid down on the town square.

DOES BETTER AT HOME—Mr. and Mrs. J. Harvey Renfrew, of Boston, Mass., were fined \$40 for refusing to send their son Shanti, 9, back to school after removing him from classes in June, 1953. They are shown in Suffolk Superior Court, trying to appeal the fine, claiming that Shanti "learned nothing" in the Boston school. Mrs. Renfrew, a native of India, and her husband say that since they have removed the boy from school, he has learned art, literature, German, and has done well in other school subjects.

Sharon Sandidge, Eugene Clemons, Wed At Ashland

ASHLAND—A wedding ceremony at 4:30 Saturday afternoon, Oct. 23 at the Baptist church parsonage in Ashland united in marriage Miss Sharon Sandidge of Springfield and Eugene Clemons, also of that city.

The bride is the daughter of Mrs. Richard Agger of Ashland and the groom is the son of Mr. and Mrs. Matt Clemons of Pleasant Plains.

The double ring ceremony was solemnized by Rev. J. Wesley Smith. Miss Georgena Clemons was the bride's only attendant and John Leonard served the bridegroom as best man.

For her wedding the bride wore a gray street length dress with blue accessories and carried a corsage of red and white roses. Miss Clemons wore a turquoise blue street length dress with black accessories and carried a corsage of red and white roses.

Mrs. Clemons graduated from the Ashland high school and the bridegroom graduated from the Pleasant Plains high school. The couple will make their home in Springfield where the bridegroom is employed at the Franklin Life Insurance company.

KANSAS IMPORTS WHEAT
LINCOLN, Neb. —Nebraska is shipping wheat into milling centers in Kansas, normally known as the "Wheat State." The unusual situation results from the fact Kansas was not able this year to produce enough of the high-protein wheat demanded by millers, say state Agricultural Stabilization and Conservation officials.

INDIA DEBATES NAME

NEW DELHI —The old dispute over whether India should really be called Bharat has cropped up again, this time in the Delhi state assembly where some members urged use of that name. In Pakistan it is argued that the undivided sub-continent was India and that division in 1947 made it Pakistan and Bharat—not India.

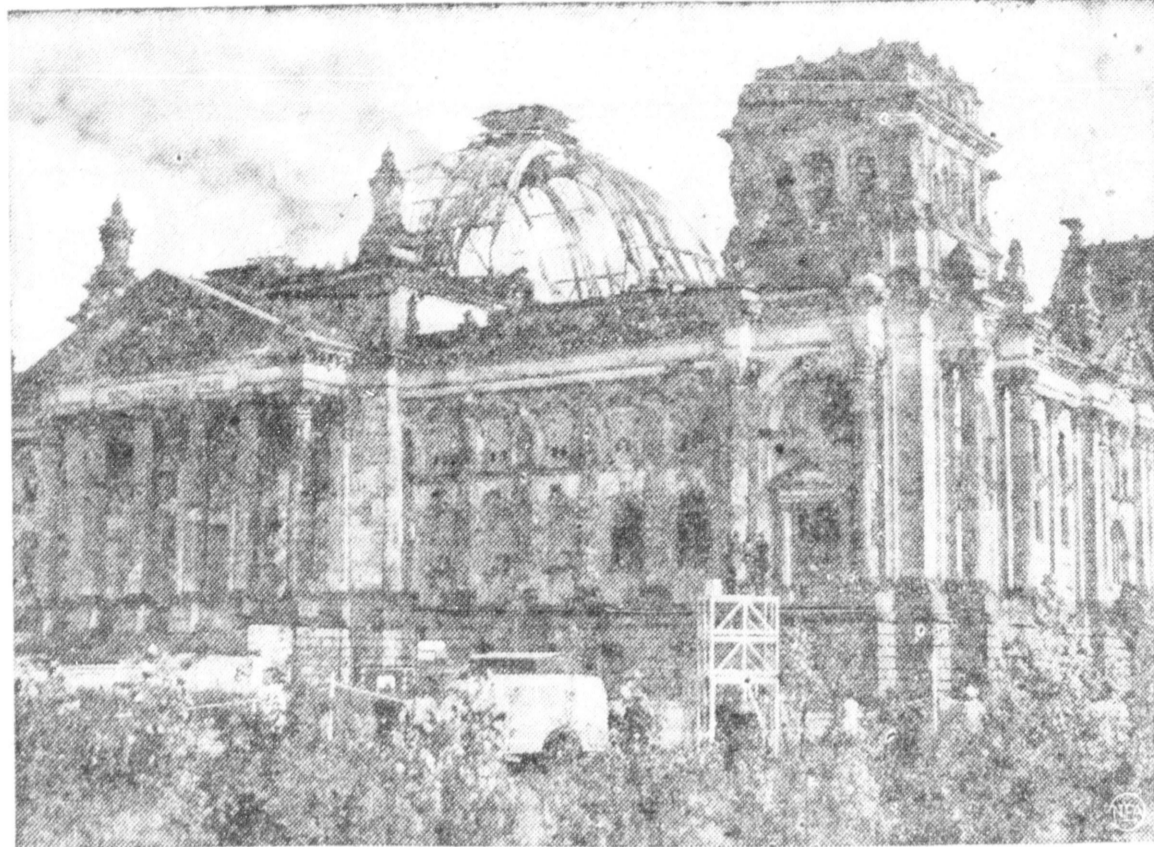

But Indians say that as the legal and constitutional heir of the rights and liabilities of undivided India their country is rightfully called India. The word India is an anglicized version of "Hindustan," the land of the Hindus.

Ancient maps show Bharat as covering not only what is now India but Pakistan, Afghanistan, parts of Iran, Nepal, Tibet, and most of the Chinese mainland.

FLIGHT INTO PAST

BOWLING GREEN, Ky. —Airplane passengers thought for a moment they had flown straight into the past. They were greeted by a group of people wearing old-fashioned clothing and sitting in a 1912-model car. The girls wore high button shoes, floppy hats and long dresses. The men sported long mustaches, and the driver was attired in duster, motoring cap and goggles.

The group was composed of relatives of Bill Lindsay, one of the passengers arriving home from New York. They wanted to startle him. They did.

IT JUST WON'T COME DOWN—Steel girders supporting the Reichstag building dome in West Berlin glow and smoke after a salvage firm's fruitless attempt to destroy them by an electrical charge. The dome has remained erect through World War II bombings, shelling by Russian forces, and two arson attempts. Authorities decided to destroy the 300-ton iron dome because they feared it would topple down on the rest of the battered parliament building.

Stomachs Empty, Jails Full in East Berlin

Reds Keep Firm Stranglehold to Avoid New Revolt

By LEON DENNEN
NEA Staff Correspondent

BERLIN—(NEA)—While stomachs remain empty in East Berlin, the jails are as full as ever.

Since the Big Four conference of last January, the Red regime—forever in mortal fear of another uprising—has considerably tightened its stranglehold on East Germany. I found during a new tour of the Red sector.

The Red terror continues unabated. Fat Ernst Wollweber's execution squads have not relaxed for a minute. East Berliners still live in terror of the M.V.D.'s midnight knock on the door.

The Communists are propaganda masters. They are great at making gestures. On the eve of the All-German Evangelical Church Congress—which just concluded its sessions in Leipzig—"Premier" Otto Grotewohl suddenly decided to release 900 political prisoners. They had been held for years without trial in the notorious Soviet concentration camps at Bautzen, Waldheim, Torgau, Brandenburg and Hoheneck.

...

I interviewed several of the returnees. They seemed like strange creatures from another world. Even in the safety of their western haven they were haunted by the tortures they suffered at the hands of their Red jailers. They steadfastly refused to disclose details of their prison life in fear they would endanger the release of thousands of prisoners still held.

They did reveal, however, that at least 600 political prisoners died in

ALMOST ON THE ANNIVERSARY of 1953's heroic anti-Red revolt in East Berlin, Communist students in the Soviet sector reverse the picture with this parade during anti-West rally.

Red jails and concentration camps the democratic West, more and of disease and ill treatment in more East Germans seem ready to the last three years. An unknown how their heads before the number committed suicide in despair that they never would be released.

These facts are widely known in East Berlin. There is hardly a family that has not seen some of its relatives, friends or neighbors dragged off to jail or to the Soviet slave labor camps of Vorkuta or Siberia. Few, if any, have any illusions that life could ever be easier under the Red regime.

Nevertheless, having lost faith in

For a moment the Western sector of the carved and butchered city became again the capital of a free Germany. But only for a moment. After Theodore Heuss was re-elected President of the Bonn Republic and the impressive ceremonies and festivities were over, grim reality gained the upper hand again.

Said an East Berliner who sneaked across the border into the West sector to watch the elections:

"I just had a beautiful dream—the dream of a free and united Germany. Unfortunately, it was only a dream. Now I must go back to my tormentors. But back I must go because there is no place for me here."

We walked together to the Potsdam Place, the tiny square separating freedom from slavery, and I watched him sneak back to the East sector past the armed Red guards.

BOYS SAVE WESTMINSTER ABBEY FROM FIRE

LONDON—Two sharp-eyed London school boys walking in Westminster Abbey spotted flames creeping along a section of the roof and thus prevented a major fire in the ancient church.

Their shouts sent workmen and firemen scrambling up ladders. Passing up buckets of water the men extinguished the smoldering beams in seven minutes.

The only damage was a small hole in the roof at the top of the main arches.

The two youths who discovered the fire were identified as Bryan Poag, 18, and Roger Mitchell, 18.

CAUGHT BY THE EARS

SAN DIEGO, Calif.—A puppy got his head stuck in the middle hole of a discarded auto wheel. Mrs. Eleanor Rowe and her four children couldn't get it out.

Sgt. L. C. Earnest of the sheriff's force folded the pup's ears back close against its neck and pulled it out by the tail. The ears (Cocker Spaniel type in this case) had trapped it.

Stratton, Lohman Hear Recording: Hotly Disagree

CHICAGO—Gov. William G. Stratton and the Democratic candidate for sheriff of Cook County listened together to a wire recording Wednesday—and hotly disagreed about whether it was a fake.

Gov. Stratton, a Republican, had the record played for Joseph Lohman, the Democratic candidate, and 30 representative of newspapers, news agencies and radio and television stations.

Stratton billed it as a recording of a talk Lohman made to parole agents Nov. 12, 1952, when Lohman was head of the Illinois Pardon and Parole Board. The governor said the wire recording was found in the state's files. In the speech, the governor has charged, Lohman made disparaging remarks about policemen's wives, some attorneys and others.

After hearing the record, Lohman declared angrily that a "monstrous fraud" was inserted in this transcription.

Lohman said material had been added and omitted "to create a fallacious impression."

"Much of that is my voice. Some is not mine," Lohman said.

Lohman told the newsmen he had made two talks on different days on the same subject. He said the parts of the record he objected to "have been tampered with."

"I cannot tell you how the governor contrived to put words on tape," Lohman said.

Then Lohman stalked out of the room.

Gov. Stratton insisted the recording was factual.

"That speech has not been garbled. You heard it in his own words," Stratton said. "No sentences were lifted out of context. It has not been doctored up."

IT'S A BOY—The Lloyd Brooks family lost its title as the nation's largest all-girl family of 13 daughters. A boy, Leslie Benjamin Brooks was born at their home in Pittsfield, Me. The whole family is gathered at the bedside to get a glimpse of the latest addition.

ences were lifted out of context. It has not been doctored up."

The voice on the recording said at one point, "Did you ever know that police officers have a disproportionately high number of wives that were formerly prostitutes?"

Lohman said the section dealing with policemen had been "distorted and fabricated."

A stenographic text of the recording was given to newsmen in Springfield Friday by Gov. Stratton. Stratton said Wednesday that he told newsmen in Springfield there could be errors in the text.

CHURCH HAS RIGHT SPIRIT

ST. CHARLES, Ill.—The spirit of Christian brotherhood is doing mightily well in this community.

The First Methodist Church has decided to give its old church building and parsonage to St. Mark's Lutheran Church.

The Methodists voted unanimously to turn over the buildings, valued at \$85,000 to their Lutheran neighbors as an outright gift. The Lutheran congregation now meets in a frame structure.

The Methodist church is a brick structure trimmed with stone. It was built in 1908. The frame parsonage was built in 1894.

The Methodists last month dedicated a new \$1,250,000 church building. It was a gift from Col. Edward J. Baker, St. Charles sportsman and philanthropist.

MAJ. YEAGER WINS HARMON AIR TROPHY

RAMSTEIN, Germany—(AP)—Charles E. Yeager, 31, holder of the world's air speed record, was announced Wednesday as the winner of this year's Harmon Air Trophy.

The U. S. Air Force said Yeager will be given the trophy Nov. 17 by President Eisenhower in Washington.

Yeager was selected, the Air Force said, because of the world speed record he set Dec. 12, 1953 when he flew a Bell X-1A jet plane more than 1,600 miles an hour—over 2½ times the speed of sound.

Yeager arrived here this month on assignment to the 12th Air Force headquarters.

PHONE POLE SHORTAGE

EL CENTRO, Calif.—"Hardly a day goes by that somebody doesn't call me to ask for a telephone pole," says the manager of the phone company, Howard Rose.

said the poles are much in demand for television antennas, which must be raised high to receive programs from Yuma, Ariz.

Some people have even felled poles, ripped them free of encumbering wires and hauled them away, he said. Others have stolen them from stockpiles. "We have a backlog of orders for old poles that will take a year to fill," Rose said.

The price of a pole: \$80.

NBC Grants Adlai Free Time: GOP Also Wants Time

NEW YORK—(AP)—The National Broadcasting Co. has granted free radio and television time for a talk by Adlai E. Stevenson in answer to recent speeches by President Eisenhower. It says it is considering a Republican counter-demand for gratis broadcasting.

NBC was the only major network according to the free-time request of Democratic National Chairman Stephen Mitchell, who contended that Eisenhower's recent broadcasts had "an unusual amount of partisan political content."

Turning down Mitchell were the Columbia Broadcasting System, the American Broadcasting Co., the Mutual Broadcasting System and the Du Mont television network.

NBC in agreeing Wednesday to Mitchell's request, said it acted in accordance with a "long-standing policy of maintaining balance and fairness in political broadcasts."

It added that a review of such broadcasts over the "past several months" showed the Democrats were entitled to the free time.

Stevenson's half-hour address will be carried Saturday over television at 7:30 p.m. CST, and radio at 9:30 p.m. CST.

Republican National Chairman Leonard Hall wired NBC Wednesday that if it gave the Democrats time, the Republicans some too. Hall termed Mitchell's demand an "obviously political move."

Wednesday night NBC said the Hall demand was "under consideration."

Mutual, ABC and CBS told Mitchell they do not provide free time to reply to the President or Cabinet members when they make broadcasts in their official capacities.

OLD BIKES for GOOD CAUSE

AT OBERLIN COLLEGE, in Ohio, the students have a free-wheeling good time raising money by a bicycle auction. The latest auction netted the student-run Oberlin Consolidated Relief drive \$684 from the sale of 150 bikes to a crowd of some 300 students. Many of the bikes were collected over the summer after they were abandoned by departing seniors. Prices range from one to 18 dollars and the money goes toward a goal of ten thousand dollars from 2,000 students. City of Oberlin has more bicycles than people.

Jack Weisbond conducts the auctioning. Most of the bikes were gone in a very short time.

Some of the clever students bought old bikes, then sold the parts to other bicycle owners.

Will Grimsley Sticks With Favorites As He Makes Weekly Picks

By WILL GRIMSLEY
MORGANTOWN, W. Va. (P) — Looking over our 29-30 mark last week, the boss clicked his tongue and said maybe what we needed was a bit of scenery. Mountain air might jog our thought processes.

So we find ourselves up here in the Alleghenies where West Virginia, one of the few remaining unbeaten, tangles with resurgent Pittsburgh Saturday.

Although we hit Ohio State, Rice and Southern Cal in the big ones last week, our season average dropped to .714 on a 199-81 record. Now again:

West Virginia over Pittsburgh; Pitt's interim coach, Tom Hamilton, is firing his players while West Virginia is just full of fire.

Notre Dame over Navy; The Fighting Irish aren't as good as in other years and this is one of Navy's greatest. But the Irish have the line to stop Joe Gattuso.

Oklahoma over Colorado; The day's best upset possibility, a game to which Colorado has pointed for 12 months. But the Sooners, relaxing last week, should be ready.

UCLA over California; The Golden Bears can't stop the awesome scoring machine which ran up 72 and 61 points on successive weeks.

Ohio State over Northwestern; Howard Cassady, like the real Hopalong, is always there in the clutch.

Southern California over Oregon State; The Trojans will try to match UCLA's 61-0 score.

Arkansas over Texas A&M; Another good chance for an upset, with the Aggies at home, but the Razorbacks have proved equal to any situation so far.

Army over Virginia; Pete Vann sparks the best backfield unit in the East. Army should breeze.

Purdue over Illinois; Lenny Dawson's arm and a great line

add to the Illini's miseries.

South Carolina over Maryland; The Terrapins disorganized after two defeats and a tie hit an inspired Gamecock team.

Mississippi over L.S.U.; It's hard to bound back but Ole Miss should do it against an improving L.S.U.

Duke over Georgia Tech; In the Dixie headlines, an edge to Duke's fine backfield stable.

The others:

Friday night
Miami (Fla.) over Fordham; George Washington over Richmond; Florida State over VMI; Denver over New Mexico.

Saturday
East—Colgate over Princeton; Cornell over Columbia; Yale over Dartmouth; Holy Cross over Syracuse; Brown over Lehigh; Boston College over Xavier (Ohio); Boston University over Bucknell; Penn State over Penn; Rutgers over Temple.

Midwest—Wisconsin over Iowa; Michigan over Indiana; Minnesota over Michigan State; Missouri over Nebraska; Kansas State over Kansas; Harvard over Ohio U.; Cincinnati over College of the Pacific; Detroit over Marquette; Houston over Wichita.

South—Alabama over Georgia; Auburn over Tulane; Florida over Mississippi State; Clemson over Wake Forest; Kentucky over Villanova; Tennessee over North Carolina; Virginia Tech over William & Mary; North Carolina State over Furman.

Southwest—Texas Christian over Baylor; Oklahoma A&M over Tulsa; Rice over Vanderbilt; Texas over Southern Methodist; Hardin-Simmons over Arizona State.

Far West—Stanford over Washington State; Oregon over Brigham Young; Colorado A&M over Montana; Utah over Idaho.

Coach Al Rosenberger has tabulated statistics for the first six games played by the Crimsons. The JHS assistant coach released the data yesterday and it shows the Jacks have run up 1450 yards via the rushing department led by Skip Dyer who has 457 yards in 83 tries for a 5.5 average.

★

The passing of the Crimsons has been good but not too often. The Jacks have picked up 148 yards through the air having completed 11 out of 24 tries. Bill Lewis tops this department having connected for all 11 of the tosses in 21 attempts for a .524 mark.

★

The Crimsons have scored 84 points for the year while holding their opponents to 56. The number of plays run has increased from 36 in the Pittsburg game to a high of 64 in the Feitshans contest. First downs also are on the upswing. The Jacks had only six in the opener but reached a high of 15 in the Beardstown game and came back with 14 against Feitshans.

★

Skip Dyer leads the individual scoring department. The hard running sophomore fullback has scored a total of 33 points while averaging 5.5 per try. Ron Trier, another sophomore, is second in total yardage with 319 in 51 tries for a 6.2 average. Larry Scott has carried the pilsbury 42 times, picked up 351 yards for a 5.8 average while Dawson has 127 yards in 31 tries good for 4.1. Jack Fairfield has a 2.3 average and Bill Lewis a .81 mark in 14 attempts.

★

Dyer tops the backs in the tackling department. He has 12 unassisted and 17 assisted while Jack Fairfield is second with 9 and 8. Tackle Bud Marquard has been on his toes when it comes to fumbles. The senior tackle has recovered four and blocked two punts.

Caterpillars Top France 70-19 In World Tourney

RIO DE JANEIRO (P) — The Peoria (Ill.) Caterpillars pushed off to an early lead and raced past France for a 70-19 victory Thursday night in the World Basketball Tournament.

The U. S. entry piled up a 31-21 halftime lead in its second victory of the eight-team, round-robin finals. It easily was the Caterpillars' best game of the tournament as they shot over France's zone defense in the first half and then simply ran away from a man-to-man defense employed by the Frenchmen in the second half.

Jim Minter and Dick Retherford shared scoring honors for the Peoria squad with 15 points each. Roger Haugeland topped French scoring with 13.

The closest the French pulled to the Americans was a 16-7 deficit in the first half and 36-27 early in the last half. Second team players were shoved into the game in the second half by France, convinced of a U. S. victory, in order to save its starting lineup for its five remaining games in the tournament.

In other action Thursday night, Canada defeated Uruguay 67-66. Uruguay was upset by France 57-49 earlier while the Caterpillars, unbeaten in two elimination round games, defeated the Philippines 56-43 in their first final round game.

Illinois Faces Purdue To Prove 34-6 Victory Last Week Was No Joke

CHAMPAIGN, Ill., Oct. 28.—Did Illinois jell into a formidable football team in its 34-6 victory over Syracuse last week end?

This question will be answered before 32,000 homecoming fans in Purdue's Ross-Ade Stadium Saturday afternoon.

If the decision is "no," Illini likely will go down to their fifth defeat in six starts. The Boilermakers are highly rated by line coach Lou Agase, who has scouted them three times this season.

If the answer is "yes," Illinois might turn into one of the season's big upsets. Coach Ray Eliot still has much of the back field personnel which brought a 21-0 victory over the Boilermakers at Champaign last season.

Illini will need all of their big guns to turn the tide against Coach Stu Holcomb's squad. Purdue, beaten only by Wisconsin, still ranks as a threat for the Big Ten championship and Rose Bowl bid.

Agase has warned that the Boilermakers have a sound, veteran line, a well-balanced running attack, and one of the finest passers the conference has seen in years. To meet the aerial threat of sophomore Leonard Dawson, Illinois will field a pass defensing unit which has been penetrated successfully only by Ohio State.

Although "The Fighting Illini" were heralded in pre-season prognostications as a potentially great rushing team, the Purdue battle might well be decided in the air. Unable to move consistently on the ground, Illinois turned to passing against Syracuse, and on the change brought startling results. Illini attempted only nine passes, but six of them were complete for 188 yards.

Junior quarterback Em Lindbeck, who completed four of six passes last week end for 111 yards and one touchdown, is no stranger to the Boilermakers. It was his 39-yard pitch to end Steve Nook which set up final touchdown in last year's Illinois victory.

No strangers, either, are All-American halfback J. C. Caroline and fullback "Mickey" Bates. Caroline battered Boilermaker defenses for 157 yards. Bates picked up 74 yards, and broke the game open for Illinois with a 35-yard touchdown run in the second quarter.

Joining Caroline, Bates, and Lindbeck in the Illinois backfield Saturday will be speedy sophomore halfback Abe Woodson, whose passing-catching played a major role in the win over Syracuse.

Line play will be a major factor in the game, and Purdue will start four forwards who were regulars last year. End John Kerr, tackle Joe Krupa, and guards Tom Bettis and Dick Skidinski were among

Small College Football Leaders Dominated By West

NEW YORK (P) — Go West, young man. If you are interested in becoming a leader in small college football circles.

The newest of the National Collegiate Athletic Assn. Bureau's figures show that John Jacobs of Colby, located at Waterville, Maine, is the only player able to break the Midwest domination in the various phases of football as put on by the smaller colleges.

Jacobs is the leading pass receiver with 30 but right behind him come R. C. Owens of the College of Idaho with 28 and Sal Canciola of Lawrence (Wisc.) College with 26.

The total offense leader is Bill Engelhardt, stocky back for Omaha University, who has gained 1,178 yards in six games. He picked up 297 yards last week against St. Ambrose of Iowa. Fifty-three yards behind in the seasonal total is Ralph Capitani of Iowa Teachers.

Capitani, however, has played only in five games and thus has an average of 23.5 yards a game. Capitani also is the forward passer leader with 56 completions in 104 attempts for a 53.8 percentage. They have brought the Iowa Teachers 937 yards gained and three touchdowns.

Don Lake, Jacobs' battery-mate at Colby, is the second best passer with 49 out of 87 that netted 804 yards.

When it comes to leading the leather, instead of throwing it, the top honors to go Jim Podoley of Central Michigan. He was held scoreless for the first time this season last Saturday by Western Illinois but he did gain 166 yards. In his team's seven games he has gained 894 yards in 73 rushes. Podoley also is the scoring leader with 91 point on 15 touchdowns and a single extra point.

The same midwestern aspect prevails in the team division. College of Emporia in Kansas has scampered for 465 yards in each of six games to lead the total offense department. The Kansas also are tops in rushing with 395.3 yards a game. Iowa Teachers lead in passing offense with an average of 207.2 yards a game.

Gustavus Adolphus of Minnesota is the stingiest team when it comes to yielding ground, having permitted only 648 yards to six foes for a 108 average.

Raiders Score In Final Minutes To Nip Dosh 12-6

ARENZVILLE (Special) — Coach Don Kemp's Arenzville Raiders scored with less than 4 minutes to go to defeat visiting Mercedosa 12-6 in the final P.M.B.C. Conference game for the two eight-man teams last night.

On the third play of the game Raider halfback Mullens raced 75 yards to score the first TD of the evening. The try for extra point failed but the hosts took a 6-0 lead into the second half.

In the third period Dash quarterback Gordley plunged over to tie the score. The visitors missed the point after but the tie score held until the final period. The Raiders scored again in this quarter when end Reogre blocked a Dosh punt and the other end Nelson picked it up and raced 20 yards to score and give the Arenzville club its third conference win of the year. They also have three losses. Mercedosa finished the season with a 1-5 conference mark.

Unbeaten Elevens Face Tough Clubs In Prep Activity

SPRINGFIELD, Ill. (P) — Elgin, Peoria Central and Alton face steep hurdles this weekend in their bid to sail through unbeaten in the downstate Illinois prep football campaign.

Some other stalwarts yet to taste defeat draw stern opposition, too, but two of the most prominent, Central and East St. Louis, encounter apparently outmatched foes.

The Elgin Maroons, lone remaining undefeated entry in the Big Eight conference, have a tough nut to crack in East Aurora, whose Tomcats have whipped five out of six high caliber adversaries. Elgin's tighter defense might be decisive in the Friday duel.

Peoria Central bumps into Pekin on Saturday, the day following a date between Woodruff, the only other unbeaten school in the area, and Peoria Manual. Pekin and Manual, traditionally strong Big 12 crown contenders, have stumbled just once each and appear capable of upsetting just about anybody's appetit. Central and Woodruff tied 6-6 on Oct. 1 for the only smudge on their records.

The potential trouble for Alton in its try for a sixth victory in as many starts will come from Collinsville, whose Kahoks have been sparked by fullback Al Sonnenberg, a leading aspirant for downstate individual scoring honors. The contest is Friday.

Central's rushing headlong toward the South Seven flag, is expected to mow down Marion and East St. Louis to cap its 29th straight win over Schlarman of Danville, both on Friday.

Other unbeaten schools swinging non action Friday include Sterling, Charleston, Macomb, Arcola, Rock Island and Princeton.

Sterling can monopolize the Northeast Division pennant in the North Central circuit by winning or tying in its tilt with Spring Valley. By doing as well against tough Mendota, Princeton can claim undisputed honors in the Southwest Division.

Charles ton has an important Eastern Illinois local engagement with Casey in its bid for a seventh triumph. Arcola, riding high in the Okaw Valley circuit, goes after No. 7 against an outside foe, Assumption, and Macomb against Rushville.

Rock Island closes out its Northwestern Conference schedule in a bout with hapless Galesburg, which has yet to win. A victory would give the Rocks sole possession of the title for another year.

Braves Propose To Add 10,500 Seats To Stadium

By CHRIS EDMONDS
MILWAUKEE (P) — First steps toward a third straight National League attendance record for the Milwaukee Braves were taken today with proposals for adding 10,500 seats to County Stadium.

Action on the plan, which would increase the county-owned stadium's seating capacity from its present 43,110 to between 51,600 and 53,000, will be taken next week by the Milwaukee County Board. The discrepancy is due to the number of bleacher seats which would be sacrificed by the installation of more permanent grandstand chairs.

The Braves rocked the baseball world a year ago in their first season out of Boston by setting a league attendance record of 1,826,307. Last season the stadium capacity was boosted by about 7,500 seats—and fans responded by shattering the year-old mark with a new figure of 2,131,388 paid admissions.

The proposed new seats—an upper deck on last winter's addition plus an upper and lower section on the opposite end of the grandstand—would cost the county about \$1,600,000.

County Board Chairman Lawrence J. Timmerman is the sponsor of the proposal, made by the board's parks and recreation committee. The board itself will act on the matter next Wednesday, with Timmerman presiding at the session.

A suggestion that the Braves be invited to renegotiate their rental lease with the county to help pay for the seats was made by the committee. Original arrangements, made when the club transferred here from Boston in March 1953, called for an annual rental of \$1,000 the first two years and five per cent of the gate receipts the next three.

President Lou Perini of the Braves voluntarily paid the county \$25,000 for the 1953 season and \$250,000 for this year.

St. James came back to score three times before the game ended. Doan went over the first seven yard marker for the third score. They came back to push two TD passes. However all their extra points failed and the Scotties were victorious 19-18.

ROBBINS ELIMINATE EVANS
PINEHURST, N.C. (P) — Thomas Robbins of Larchmont, N.Y., eliminated the veteran Chick Evans of Chicago, 5 and 4, in quarterfinals Thursday of the North and South Seniors' Golf Tournament.

Spencer Overton of Baltimore defeated Ray Roberson of Indianapolis, 5 and 4.

7 Routt Gridmen In Final Action Tonight; J.H.S. Game At 7:30

Coach Jim Smarjesse's Routt Rockets put the 1954 P.M.B.C. Conference title on the line tonight when they journey to Chandle rville for their final game of the season.

The Rockets are currently leading the eight-man loop with a four won-one tie mark and a win tonight will give them a clear shot at the title. The Rockets won the crown two years ago but lost out to Bluffs last season.

The Smarjessemen carry an overall record of 4-1-1 into the Chandle rville contest. The Routt club started the season with a 20-0 win over Mercedosa. The second game of the year resulted in a 20-20 tie against Chapin of the J.H.S. field. They came back to win their next two conference games. The Rockets defeated highly touted Virginia 24-19 and took Arcenzville 32-13. The only loss for the local school was a 59-27 defeat at the hands of Biggsville. Last week they defeated Bluffs 20-7.

Tonight's final game of the year will be the last time seven of the Rockets put on the football ticks of the local school. Center Dick Lewis, who has been outstanding to say the least, is among those playing for the last time under the Routt colors. The 180-pound lineman was one of the chief reasons the Bluffs team found the center of the Routt line hard to crack.

Other seniors playing their finale are Pat Dowling, an end who came along fast this year to become one of the best defensive flankers in the loop; George Murphy, a guard, and Ed Khouri, another lineman.

Coach Smarjesse will lose three of his front line backfield men, Reg Doolin, Don Fredericks and Pat Flynn will wind up their ball carrying careers tonight. These three players along with DeVore and Dee have formed the offensive threat of this year's team.

Routt will start with Dowling and Woodson at ends, Cosgriff and J. Lewis at guards and D. Lewis at center. The backfield will find DeVore at quarterback and Dee and Doolin at halfbacks. Game time is 8:00.

Westville Here
Coach Bob Kraushaar's Jacksonville Crimsons entertain Westville at 7:30 tonight on the J.H.S. field.

The Crimsons carry a four game winning streak into tonight's contest, having defeated Carlville, Beardstown, Notre Dame and Feitshans in their last outings.

The only loss on the J.H.S. schedule this year was a 15-7 setback at the hands of Macomb earlier in the season. The Jacks tied Pittsfield 13-13 in the opener.

Coach Kraushaar plans to keep the same starting lineup that has come out on top of the last four contests. Knight and Rexroat will be at ends. Rexroat is a replacement for Francis Hudson who injured his knee at Feitshans last week. Woodward and Marquard will start at the tackles. Hill and Prather at guards and Roegge at center.

Bill Lewis will be at quarterback. Trier at left half and Scott at right half with Dyer at full. Larry Scott also may see service at fullback if Dyer's legs fail to hold up. Dawson will also see running duty.

Tonight's game will start a three-weekend home stand for the Jacks that will end when the Crimsons tangle with L.S.D. November 11.

MORGANTOWN, W. Va. (P) — Al (Pappy) Lewis, coach of West Virginia, says the limited substitution rule has taken the fun out of college football and made duller scholars of the players.

In an appeal to college officials to restore the old two-plateau system, the hulking West Virginia mentor said Thursday:

"A boy simply can't practice as hard and as long as it's necessary today, then play 60 minutes on Saturday and do a good job in his grades."

"Football is getting to be drugery instead of fun, with no relief for the top players. And it's a shame to watch these boys drag themselves out on Mondays to continue practice. I know it's tough on their studies, too."

Lewis is preparing the Mountaineers for their battle here Saturday with Pittsburgh, a tough traditional rival which has beaten Navy and Northwestern on successive weekends. The game is a 34-000 sellout.

"The present rule is responsible for the wave of upsets and also for the runaway scores you see today," Lewis added. "Look at UCLA. Beats Stanford 72-0 one week and Oregon 61-0 the next."

"Ohio State scores three touchdowns in nine minutes against Wisconsin, a fine team. Notre Dame, once the symbol of football weath, plays 17 men in the Michigan State game and six boys have to go all the way."

"All over the country, with big squads and little, you're seeing 60-minute performances and a lot of tired boys on the field in that last half. As a result you can't tell what will happen. When a game breaks open the boys are too tired to stop the runaway."

League Owners Turn Down Proposed Sale Of A's To Syndicate

By JACK HAND
NEW YORK (P) — The groggy Philadelphia Athletics stayed in the hands of the Mack family Thursday night after the bid of an eight-man Philadelphia syndicate was thumbed down by the American League in a six-hour meeting.

According to one club executive, the secret vote on the proposal to sell to the Philadelphia syndicate was 4-4. It was believed New York and Baltimore were in opposition and Detroit, Washington and Cleveland favorable. That left Chicago, Boston and Philadelphia to be accounted for.

Six votes were needed to approve new owners.

Charles Comiskey, vice-president of the Chicago White Sox, said a "divergence of opinion in the Mack family on how the stock must be sold" was a reason for the owners' refusal.

"I will not come back to any more meetings until the Mack family (91-year-old Connie and his two sons, Earle and Roy) has settled their own affairs among themselves. It seems they can't make up their minds. There are others who feel the same."

Earl Hilligan, director of public relations for the league, said the \$3,375,000 offer by Arnold Johnson, Chicago industrialist, to buy the A's and move the club to Kansas City was not discussed at this meeting. Hilligan has announced at October 12 meeting in Chicago that Johnson had been approved as returned owner.

Arthur Rosenberg, Philadelphia food chain executive who acted as spokesman for the group said, "We are very disappointed. We don't know what we are going to do." Arthur Gallagher, trucking firm executive, added, "We'd like to know what the objections are."

From time to time the elderly Mr. Mack, who founded the club, came down from an upstairs hotel room, on the arm of his chauffeur. He left shortly before the official announcement and was overheard telling a friend, "Philadelphia was Johnson had been approved as returned owner."

Favorites Face Stern Tests This Weekend; Buckeyes Battle Cats

By HUGH FULLERTON JR.
The Associated Press
Starting Friday night when unbeaten Miami, 10th on the weekly Associated Press poll, faces lightly-revived Fordham, there's a long list of football games this weekend in which overconfident favorites could get their toes stepped on.

It could happen to almost any of the others in the top ten Saturday although they're favorites right down the line.

Ohio State, which moved into the lead by crushing Wisconsin last week, sends Hopalong Cassidy, Dean Dugger & Co. against Northwestern, which hasn't won a Big Ten game since 1932. But only Minnesota has beaten the Wildcats by more than one touchdown this season and if they could generate a little scoring power, they might be very tough for Ohio State.

Oklahoma and UCLA, rated so close behind Ohio State in the sports writers' balloting that the point spread is virtually non-existent, take on a couple of rivals that could cost them their high rating.

Oklahoma's Sooners take the road to meet Colorado, a team that figured to be the Big Seven's Orange Bowl nominee until it blew one to Nebraska last week. Oklahoma hasn't been beaten in 43 Big Seven games under Bud Wilkinson's coaching.

UCLA, the Pacific Coast leader, like Oklahoma, ineligible for a bowl game this season, runs into California, unsuccessful so far but strong enough to give Southern California a real run last week.

A couple of other real big ones, based on the rankings, are Notre Dame vs. Navy at Baltimore and West Virginia vs. Pittsburgh at Morgantown, w. va.

The balloting placed Notre Dame in sixth place this week and Navy 15th. The Midshipmen, rebounding from their two-point loss to Pitt a couple of weeks ago, have the speed and manpower to give Notre Dame's Irish a real contest. Pitt, despite the loss of its coach through illness and a few players for disciplinary reasons, still looks strong enough to show whether or not West Virginia—ranked seventh—has a really fine team.

Arkansas and Army, Nos. 4 and 5 in the rankings, have the comparatively easy assignments among the top ten teams, although their coaches probably wouldn't agree. Unbeaten Arkansas visits Texas A&M and Army entertains Virginia.

The Associated Press average of 60 stocks declined 40 cents at \$134.90. It was the fourth straight loss for the average. The industrial component of the average was off 80 cents, rails were down 30 cents, and utilities declined 10 cents.
The list contained only 1169 individual issues of which 365 advanced and 558 declined. Fifty-six issues touched new highs for the year during the day, and there were nine new lows.

BEANS ONLY GRAIN SHOWING STRENGTH

By WILLIAM FERRIS
CHICAGO (AP)—Soybeans were strong but all other cereals ended with a weak note after erratic early fluctuations on the Board of Trade Thursday.
Beans developed their strength around midday, prior to which they had hung around previous closing levels. Buying apparently was prompted by the very light hedge selling, reflecting limited offerings of cash beans.
Wheat closed unchanged to 1/4 lower, corn 1/4 to 1 cent lower, oats unchanged to 1/4 lower, rye 1/4-1/2 lower, soybeans 3/4-1/2 higher, and lard 8 cents lower to 12 cents a hundred pounds higher.
Moderate hedging pressure and a little profit taking got the better of wheat. Once again the market lacked support from export circles. Grain men said there appeared to be some buying of wheat by flour mills at Kansas City and Minneapolis, but not at Chicago.
Corn sank under hedging pressure. Cash corn receipts totaled 249 cars, a fairly large number, and purchases on a to-arrive basis amounted to 80,000 bushels. Spot market prices dropped 2 to 3 cents. Dealers said shipping demand from Chicago was slow.

Weather was clear over most of the Midwest, a fact which acted to depress corn and also created some early selling in soybeans. The weather should enable farmers to speed up harvesting of these two crops.
About 50 per cent of the soybean crop in Minnesota has been harvested, according to the detailed weekly Weather Bureau crop report. The fact harvesting has come along this far without any pressure of cash beans on the market stimulated demand for beans.
It was felt this indicated producers in Minnesota, like those in other Midwest states, were storing as many beans as they could. One might be a large number of cash beans pressing the market in the spring because of current withholding.
The Census Bureau reported crushings of soybeans in September totaled 11,400,000 bushels compared with 14,785,000 in August and 15,682,000 in September, 1953. The crop this September was not very surprising in view of the limited supply of beans available.

Select Jury Of 7 Men, 5 Women For Murder Trial Of Dr. Sheppard

missionary. The defense knocked out John C. Smith, curly-haired district supervisor for a firm that handles lifting devices for heavy machinery.
Judge Blythin allowed the jury to separate for their homes at the end of the day. He said he reserves the right to lock them up at any time during the trial if he thinks it necessary.
He also ordered a new special panel of 25 prospective jurors drawn. They are to report Friday morning, so there will be a working material on hand for the selection of the alternates.
Sheppard has pleaded innocent in the bludgeoning of his 31-year-old wife. She was four months pregnant with her second child when she was killed in a bedroom of her home last July 4.
In one of his closing statements before the jury was selected, Corcoran called it "a very repulsive murder." Marilyn's head was crushed with 27 solid blows.
The state never has produced the death weapon.
Sheppard claims a bushy-haired man invaded his lakefront home that night, beat his wife to death, then knocked him out when he rushed to her aid.

Power Contract Okay On Split Decision, Paper Claims

In October, I did not concur in the commission's action as I had never read the contract." He added that his action was not a dissent but a lack of concurrence.
Chairman Jerome K. Kuykendall of PPC said "no comment" when asked about Draper's position. Asked if there was any other commission split, he repeated "no comment." The commission has five members.
Kuykendall said the commission staff had been called upon for some technical assistance on the contract some time ago, but he declined to say what the staff position was.
He said that with the AEC, TVA and Budget Bureau actively involved in the Dixon-Yates matter, "and the PPC pretty much on the sidelines" he felt any comment would come from one of the agencies "actively involved."

NEW YORK GREETES LIBERIAN PRESIDENT WITH TICKET TAPE

NEW YORK (AP)—The president of Africa's Negro republic, Liberia, got a warm welcome from the city and citizens Thursday—a ticker tape parade, city hall tribute and civic luncheon.
The day's activities were launched with the traditional parade up lower Broadway in honor of the visiting dignitary. William V. S. Tubman. He arrived two weeks ago for an extended U. S. tour.
A police-estimated throng of 100,000 cheered from sidewalks and poured streams of stock-ticker tape from skyscraper windows as the president doffed his hat in response from an open car.

memorial gifts division, detailed the opportunities for investment in the new addition. "A memorial gift," he said, "will enable one to perpetuate the memory of loved ones... to give humanity a gift which will endure through the years."
He paused, then concluded "You will have no better opportunity to show your desire to make this community, this world, a better place to live."
"Success Needed"
Dr. Alfred G. Schultz, chairman of the medical division, told of the "great strides in medicine" which have shifted the care of the sick from the home to the hospital, greatly increasing the need for modern hospital facilities.
"Good hospitals attract good doctors," he said, "and Jacksonville is known as a good place to come for medical care. But our service will not be complete or adequate unless this campaign is successful."
Doctors of the community, he said, realize the needs of the hospital and his medical division has accepted a quota of \$10,000.

Community Unity
Illinois College President William K. Seldon told the audience that the drive not only offers an opportunity to give to the hospital but also provides a chance "to demonstrate unity in the community. The people of this area, he said, must work together to provide needed hospital facilities."
Two labor leaders, vice president Oscar Fagan of the Trades and Labor Assembly of the American Federation of Labor and secretary-treasurer Harold Larr of the Amalgamated Clothing Workers of America, pledged organized labor's support of the campaign.
"We shall consider this a must project," said Fagan. "Sickness visits all men in the same boat—so let's row together."
Larr paid tribute to "those who devote their lives to mercy" hospital personnel and concluded "we must meet the challenge before us."
"It Can Be Done"
A Stanley Weiss, chairman of the board of the Mattoon (Ill.) National Bank, took as his theme "It Can Be Done," and detailed at length the factors in recent community development which have increased the need for hospital facilities.
He told the sponsors he "is sure you can resolve your problem, sure you can give the capacity."
Mother Kathryn Marie Provincial of the Sisters of the Holy Cross—a nursing group which provides hospital care—expressed her faith in the people of Jacksonville and told the group "our good wishes, trust and prayers go with you."
At the end of the program, the Most Reverend Bishop William A. O'Connor of the Diocese of Springfield, praised the "great devotion of the sisters of the hospital who serve the whole person of sick ones."
"It is vital," he said, "serve more than the sick, as we who have loved ones there know; they serve us—if we sleep, it is because we have placed our loved ones in the best hands we know."
Dr. Frank A. Norris, chairman of the citizens' committee of sponsors, presided over the meeting.

Reds Act To Oust U.S. Consulate From Hanoi

WASHINGTON (AP)—The Communists appeared Thursday to be moving toward the ouster of the U.S. consulate from Hanoi in North Viet Nam, and the State Department said this would be a flagrant violation of the Indochina truce agreement.
The Vietnam committee administering Hanoi announced it "does not recognize the consulate of the United States at Hanoi." It rejected the American position that the consulate should remain because the Geneva truce drew a military, not political, dividing line between North and South Viet Nam.
A seven-man U.S. diplomatic team, along with British and French missions, stayed on in Hanoi after the French evacuated the city following the truce.
Henry Syddam, State Department press officer, commented to reporters:
"It is obvious that we cannot maintain the consulate if the military regime in North Viet Nam forces us out."
"If we are forced out it will be in flagrant violation of the Geneva agreements."
"At present, we have not been asked to get out."
The American Embassy in Saigon, South Viet Nam, said the Communist move at Hanoi had been expected but not so soon.

Pekin Lions Taken For Halloweeners Feel Sheepish

PEKIN, Ill. (AP)—A number of Pekin Lions are feeling a bit sheepish today.
Members of the club opened a campaign Monday to raise funds for the purchase of eye-glasses or gum shoes for needy persons with failing eyesight.
To raise the funds members are conducting a house-to-house campaign selling electric light bulbs in the evening.
Today some members complained that house-to-house answering their doorbells are exasperating.

Hospital's Needs Told At Kickoff Dinner Of Our Saviour's Drive

A campaign to raise \$750,000 for a modern addition to Our Saviour's hospital got underway last night as the need and plans for the project were explained to nearly 300 members of a citizen's committee of sponsors at a dinner meeting in Formaz Hall, directly across East State street from the hospital.

The addition—a new wing—is described as “a design to restore health, to ease pain and to save life.” Completely air conditioned, it will include a number of patient rooms, new administration offices, surgical, obstetric and nursing facilities, laboratories, X-ray rooms and a doctor's lounge and library.

Upon completion of the new wing “I am my brother's keeper,” and fronting on East Court street and pocket books to give the campaign the financial support that it needs.”

Following a dinner served by the Junior Catholic Daughters of America, eleven speakers outlined the needs of the hospital and plans for the campaign.

Mayor Ernest L. Hoagland of Jacksonville opened the program with a declaration of the pride the city has in its two hospitals. He emphasized his faith that the people of Jacksonville realize the needs of growth and progress, realize that they must “assume the attitude that

Body Of Adams Co. Woman Is Found In River Near Pearl

The body of an Adams county woman, 32 year old Mrs. Charlotte Nelson, mother of two children, was found Wednesday morning in the Illinois river south of Pearl, Mrs. Nelson, who is said to have been in poor health disappeared from her father's home in Clayton, Illinois on October 18.

She was reported seen on the bridge over the river at Mendocia after her disappearance but nothing further was heard until the body was found by a fisherman Wednesday morning.

Mrs. Nelson is survived by her husband and two children and her parents, living at Mendon, Illinois, also in Adams county. Late she had been staying at the home of her parents.

There was no evidence of foul play and it was found by the coroner's jury at the inquest held at the Simpson funeral home in Carrollton that the deceased came to death by drowning by her own means while mentally deranged. William Wolfe of Rod-house, Greene county coroner, conducted the inquest.

WINCHESTER—The Scott County Service Company has moved into the new building which it recently completed on Commercial street. The building is located on a four acre tract which was purchased a few months ago.

The building is 40 by 120 feet and includes warehouse space of 40 by 72 feet and office space of 40 by 48 feet. The building lot is graded to permit convenient loading of customer's trucks.

The Service Company has moved both its store from its building on South Hill street and its office from the Farm Bureau building to the new location.

Remodel City Warehouse The City Warehouse, which is located on the west end of the lot where the City Hall burned a few months ago, has been remodelled to provide temporary quarters for the two new city fire trucks.

The interior of the galvanized metal building, which is 30 feet by 40 feet, has been completely covered with insulating board. A new doorway was cut in the north side of the building to make it usable for the two new fire trucks purchased by the city. An automatic oil furnace has been installed to heat the building.

The labor used in remodeling the building was donated by members of the Winchester Jaycees and City employees. Fire Chief William Orrill and City Marshal John Springer have been in charge of the project. The materials for the remodeling were furnished by the city at an estimated cost of \$600.00.

Nothing would give me greater personal pleasure than to come to Illinois to bring this message to you and to others in your state who believe with us in the efforts we are making to build an America strong and prosperous in a world of peace. But with only one free day available to me before November second, I am able to visit only a few states. So I must use this means to bring you these thoughts. Will you please convey to me and all in Illinois my conviction that voting is not only a privilege of every citizen but his first duty.

The telegram to Mr. Alexander follows: “Nothing would give me greater personal pleasure than to come to Illinois to bring this message to you and to others in your state who believe with us in the efforts we are making to build an America strong and prosperous in a world of peace. But with only one free day available to me before November second, I am able to visit only a few states. So I must use this means to bring you these thoughts. Will you please convey to me and all in Illinois my conviction that voting is not only a privilege of every citizen but his first duty.

“Yet I hear constantly about complacency and apathy toward this critical election. Friends tell me this is because the people are satisfied, on the whole, with the kind of government and kind of program they are getting—that many citizens go to the polls only when they are angry or apprehensive about the course of events. It is unbelievable to me that good government cannot command as much zealous support as bad government commands opposition.

“Therefore do everything we possibly can to persuade every voter to express himself on election day. So let's roll up a tremendous vote—confident that the overwhelming

majority of the American people support good government and will vote accordingly.

“My warm congratulations to you on your splendid work in our common cause. Between now and next Tuesday be us with enthusiasm and the will to win the job that will drive us through to victory.”

Jacksonville is fortunate to have appearing tonight at 8 p.m. on the high school stage the Jean Leon Destine Haitian Dance Group who are appearing as a substitution for the originally scheduled Harriett Ann Grey Dance company. Several of the members of the latter company were injured in a recent automobile accident necessitating the change. This is an exciting program and has appeared all over America and in major television programs. Destine combines the authentic folk songs and French Court dances (Haiti follows many French customs) with the primitive voodoo rhythms proving his true showmanship. Lecture series ticket holders are automatically included for this performance and individual tickets may be obtained at the door.

Boy Arrested At Riggston Placed Under \$2500 Bond

Neil McMasters, 16, of Wichita, Kansas, who was arrested Wednesday by Sheriff George Letze of Scott county, failed to post \$2500 bond Wednesday afternoon before U. S. Commissioner William B. Cullenbren in Springfield on a charge of violating the Dyer act and was placed in the federal section of the Springfield city prison pending further action.

McMasters was taken into custody at Riggston by Sheriff Letze after the car in which he was riding ran out of gas.

According to Sheriff Letze, McMasters was without funds and when his gasoline supply was exhausted at Riggston he walked back toward Winchester and stopped at a farm house and asked for employment so he could secure funds to purchase gasoline to continue his journey to Chicago.

The farmer became suspicious and called Sheriff Letze who hurried to the farmer's house but McMasters had disappeared. Sheriff Letze proceeded to Riggston where he found McMasters whom he placed in custody.

Sheriff Letze called Wichita police and was told that the car in which McMasters was riding had been stolen. The sheriff then notified federal authorities and Deputy U. S. Marshal Gilbert B. Scheller went to Winchester and took McMasters to Springfield.

Sheriff Letze said that McMasters said he had sold some tools and one of the spare tires of the car to obtain money to purchase gasoline.

ARMY MEMORY TEST
PITTSBURGH (AP)—Some 10,000 Pittsburgh district war veterans have been asked how much they remember of the military knowledge they acquired. Dr. Harry W. Braun, University of Pittsburgh psychologist, requested the veterans to give two hours of their time to complete a questionnaire.

Dr. Braun says the survey will have no bearing on a veterans' possible future service. It is, he said, simply an attempt to compile information on retention of military knowledge and its findings will affect future training programs taken by hundreds of thousands of new servicemen.

The survey is being made for the human resources office of the Department of the Army at George Washington University.

Another project has been a training course in massage reducing methods. This, he hopes, will someday lead to a full time job.

ADVANCE FMS THURSDAY... Fowl, Ham, Pork Top Halloween Food Bargains

By THE ASSOCIATED P. S.
Fowl, ham and pork top the list of Halloween bargains in many of the nation's food stores this week. Pork is down sharply in many cities while fowl is selling at the lowest prices in 18 years. Both items are being heavily promoted by the stores, which are "specializing" for the holiday week-end.

Traditional Halloween items also

Nagging Backache Sleepless Nights

Often Due to Kidney Slow-down

When kidney function slows down, many take complaint of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer needlessly with these discomforts if reduced kidney function is getting you down, due to such common causes as stress and strain, over-exposure to cold, minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts. Help the kidneys of kidney trouble and filters flush out waste. Get Doan's Pills today!

Home made chili is best when made with CHILI MAN CHILI MIX

get top billing. Apples, nuts and red grapes are in plentiful supply; pumpkins are of good quality and moderately priced.

Some of the more popular cuts of beef—including sirloin steak and rib roast—carry higher price tags this week. Seafood devotees will find good buys in shrimp and oysters.

Fryers are mostly up in price—as much as six cents a pound in some cities—but still represent good value. Fowl probably offers the outstanding bargain of the week. Chain stores are cooperating with chicken farmers in an all-out promotion drive which aims at cutting down the nation's hen population, currently at a record high.

With egg prices at depressed levels, poultry farmers are killing off their hens at a relatively early age and sending them to market. In some cities fowl can be had at retail for less than 25 cents a pound—the lowest price since the depression thirties, according to the Poultry and Egg National Board.

Egg prices may have hit rock bottom, large Grade "A" whites

are up anywhere from two to six cents a dozen this week. They're still a standout bargain.

Good produce buys include red "emperor" grapes from California, seedless grapefruit from Florida, and potatoes from Idaho and Maine.

Cabbages, onions, acorn and butternut squash, sweet potatoes, lettuce and cauliflower are also priced for thrifty buying.

Melons are available in a wide variety of flavors, colors and shapes—along with the popular honeydews there are spanish, cantaloupe, persian, santa claus and leopard melons.

THIS IS HARD LUCK?

PALMOUTH, Va. — Joe Pacey, 62, found \$4,000 worth of jewelry on the highway and he called it bad luck. The owners can't be found and lawyers are uncertain about Joe's claim. Friend's and neighbors have been jealous and he doesn't know what to do about his find. If he used his new wealth he fears someone would claim it after the money was spent. All he's gained from it so far is worry.

Caritas Rebekah Lodge Holds 50th Anniversary

Caritas Rebekahs Lodge 625 celebrated its 50th anniversary at the regular meeting Oct. 21 with Noble Grand Mildred Wilkerson presiding. The officers wore costumes of the 1904 era.

Visitors in attendance were from Ashland, Bluffs, Brighton and Jacksonville lodges.

A program was presented with Flora Knowles sitting in a rocking chair near a spinning wheel and naming the charter members. The only two living charter members are Mrs. James of Tennessee and Pearl Ebrey of Jacksonville.

A memorial service was held for all the deceased members with special tribute going to Myrtle Tondy, who had been president of the International Rebekah Association and Illinois State Assembly Rebekahs.

All officers were introduced by Eulalia Harris and each was given a rose. All Past Noble Grands were introduced and given a rose.

Corsages were presented to Lottie Hutches, Henrietta Marshall and Edna McDonnell, who will be a 50 year member in January.

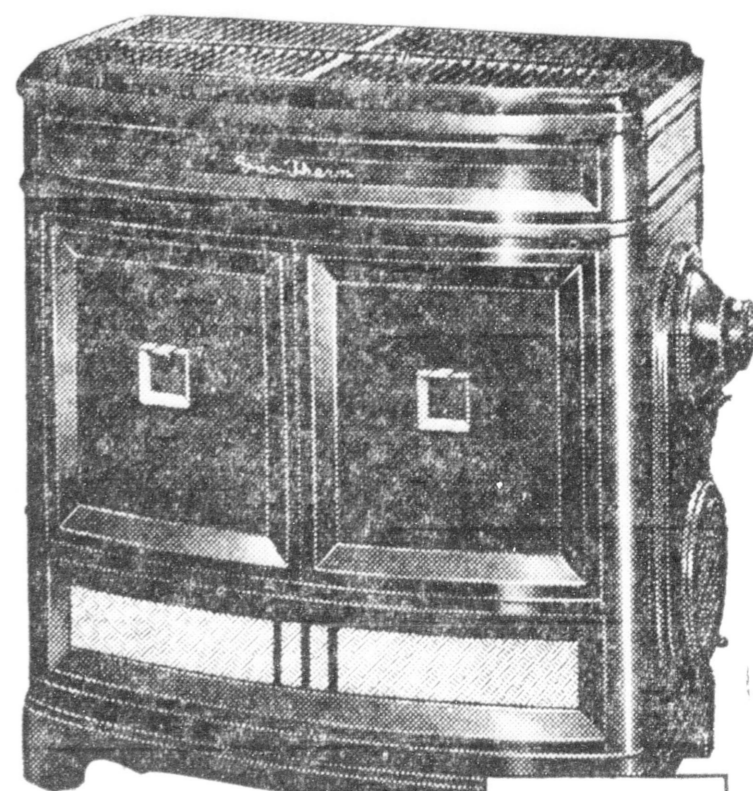

Nan Milburn sang several songs and was accompanied by Inez Canaday.

Refreshments were served from a decorated table in the lodge dining room.

The cubit, a measurement used by ancient peoples, was supposed to represent the distance from a man's elbow to the tip of his middle finger.

THE GALS OF THIS AREA are eager students these days—attending the Gas, Gaskets and Glamour schools that teach them what makes an auto-mobile buzz down the highway.
There are 22 pupils currently enrolled in the course presented by Cox Buick, Inc. The school is "fascinating, simply marvelous," say the students. "We're finally beginning to learn what a car is all about."

There'll be four more lessons at the garage on North Main street, beginning at 7:30 p. m. each Monday. "There's still time to register," says Floyd E. Cox, owner.
Some of the pupils are shown in the above photo. Standing right are Bill Bear, sales manager of the Alemitre Grease company, Cox, and John Reif, Cox Buick shop foreman and instructor.

School Problems Discussed By Arenzville P.T.A.

ARENZVILLE — Arenzville P.T.A. members participated in a "buzz session" as a feature of the October meeting, held last week in the junior high school.

In the buzz session, which had as its general topic "Juvenile Problems at School," the members were divided into small groups, each group holding an open discussion on some particular problem pertinent to school affairs.

Questions which came under discussion at Thursday night's meeting included: how to get better attendance at P.T.A. meetings; the need for supervised playground activities; the suitability of keeping pupils after school as a method of discipline; and how to combat the attitude in the student of "Why should I work hard for good grades when I can get by without studying?"

Following the individual discussions, the major points made were presented by the following spokesmen: Mrs. A. C. Hart, Wilbur Abernathy, George Hall and Mrs. Delmos Hierman. Superintendent M. G. West acted as moderator.

A presentation of "The Pros and Cons of the Blue Ballot" was given by A. C. Hart, speaking in favor of the proposed constitutional changes, and Jack Burrus, who discussed objections which have been made to the legislative reapportionment amendment.

A straw vote taken at the close of the discussion showed that the

PTA members present rejected the first proposed amendment, while accepting the second and third, dealing with the tenure of the state treasurer and the administration of the Illinois-Michigan canal.

Members of the finance and ways and means committees, in meetings held prior to the P.T.A. meeting, discussed suggested projects for the year, and settled up the indoor recreation equipment as the most urgent need of Arenzville pupils. Details of the project will be discussed at later meetings. A movie "Children's Emotions" depicting the development of human emotions in the child during the period from babyhood to school age, was shown. Group singing was led and accompanied by Mrs. Margery Robertson.

The travelling trophy for the best parent attendance at P.T.A. meetings was awarded to the first grade class, taught by Mary Louise Lutkehus.

Members of the Arenzville P.H.A. chapter conducted a nursery caring for small children whose parents participated in the meeting.

Hands Tip Off Strain On Deadpan Dr. Sam

Pulling ear lobe suggests a meditative mood. A rare concession to the nervous strain.

The impassive face Dr. Samuel H. Sheppard presents at his trial for the murder of his wife makes spectators wonder "How can he be so calm? After all, they're gambling with his life." But he isn't so calm. He's under constant tension. And his hands betray it, although seldom moved. He has about four characteristic gestures. Most of the time he sits with his elbows on the arms of his chair, hands clasped together, fingers interlocked. Sometimes, perhaps an indication of increased nervous tension, his right hand grips his left fist, which is pressed tightly against it, knuckles white. Sometimes he pulls gently at his ear or rubs the side of his face. About the most elaborate movement he makes comes very rarely. Then he turns his chair, which faces Judge Blithin, to face the long counsel table. He rests his elbows on the table and buries his head in his hands. His fingers slowly rub his brow. His thumbs rub his temples as if he were trying to massage away the nervous strain.

ON A BENDER—There's something about a bench that seems to bring out the acrobat in most people. Lovely Natasha Badgley isn't any different as she keeps fit and acquires a sun tan at Miami Beach, Fla.

FOR A JOB WELL DONE—U. S. Treasurer Ivy Baker Priest, center, chats with safety award winners Mrs. Randall W. Everett, Jr., left, of Arlington, Va., and Mildred Meyers Binzer, Toledo, Ohio. Mrs. Everett won the Carol Lane award for her part in reducing Arlington's accident injuries by 22 per cent. Mrs. Binzer accepted the group award for the Toledo Women's Traffic Council. The awards were made in Chicago, Ill.

LEGS IN TEXAS—The high-kicking legs above the head of Irma Austin and her pet lamb aren't for real. They're plastic models used to display hose at the Texas state fair in Dallas.

HONDURAS HAS YANK ACCENT

BELIZE, British Honduras (AP)—Baseball has edged out cricket as the favorite sport in British Honduras and its English rulers are a bit vexed. Not only that, but many of the better educated natives speak English with an American rather than a British accent; they have a "Yankee Dollar" restaurant; like the United States and sing "God Bless America."

Much of this can be traced to a school operated for half a century by the Jesuit Fathers of St. Louis, Mo. Jesuit priests came here in 1896, founded a church and then a school named St. John's. Funds and contributions came from the St. Louis area, and still do.

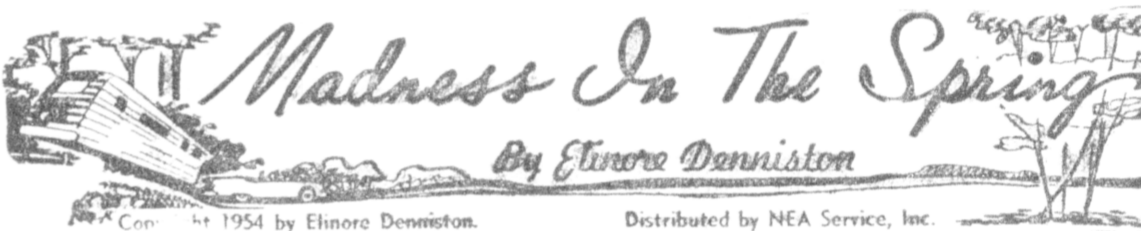

Today St. John's College is not only the most important educational institution in the colony, but one of the best in all Central America.

BY THE NUMBERS

DETROIT (AP)—Wade Holmes is doing his 60th jail term—for the same old failing. Holmes' little swindle is a trumped-up tale to housewives that their husbands have "hit the numbers." But Holmes tells the wives they'll have to pay up past losses before the husbands can collect. As always—one of the wives didn't fall for the yarn.

ARMY HOSPITALITY

BOWLING GREEN, Va. (AP)—The Army has issued invitations for a reunion here. It will be for some 400 persons displaced when the 80,000-acre A. P. Hill Military Reservation was created in 1940.

THE STORY: Greg Seaver, 26, wishes to give up a job with a future for a job with a present, and he goes to see Wade Daggett, who answered "his ad." Greg confesses that working for his stepfather isn't such a bad job, but he wants something he seems to be missing. Wade apparently is a man of means, but he is paralyzed, an invalid.

IV
GREG did not know how to talk to people. Right now he ought to be handing out a smooth line. Bright talk. Well, he just was not a talker and Daggett could take it or leave it. Greg never acknowledged to himself that he did not talk because he was afraid of giving himself away. Literally. Not that he had any particular secrets. It was himself, his own inner life, that he was afraid of sharing—or betraying; he was never sure which.

Daggett did not seem to mind the silence. His eyes had lost their defiant look, though they were still not trusting; like a well-mannered watch dog that would give you the benefit of the doubt so long as you behaved. Then Daggett, who had apparently been thinking about what Greg had said, asked, "Do they treat you right?" "Oh, yes. They are nice people to work for."

"Then what is wrong?" the old man persisted. "Nothing is wrong when you come right down to it," Greg admitted. "For a man of my type I'm sitting pretty."

"What is your type?" "Run of the mill. Average. I'm the guy they mean when they talk about 'the man in the street.'"

"So you are sitting pretty and you don't like it. Why not?" The nurse came in, walking hard on the rubber heels of her flat shoes, shook a pill out of a box into her scrubbed hands and gave Daggett a glass of water. He swallowed the pill and the water and she marched out again. He wiped his mouth and looked at Greg.

"Florence Nightingale crossed with Nick the Blood," he commented. Greg laughed. He felt completely at ease now, as though he had often before sat in the wing chair across from the old man. It was funny the way people went on talking about making friends. You could not make a friend. You just knew him by some sign you could not explain. "You aren't married, I take it. Engaged? Got a girl?" Greg shook his head. "No danger of that. The right one didn't want me and I don't like substitutes, not even a reasonable facsimile."

SOMETHING moved behind the old man's eyes. "But that was in another country and besides the wench is dead," he quoted unexpectedly. "Is that why you want to make a change?" "Because of a girl? No, sir. When the old man waited, Greg added slowly, "I suppose I don't really believe in it. That kind of security, I mean. It's a sort of gamble you make with yourself. I'll stick to this job until I'm 65. Then, if I am still living and conditions are the same and The Bomb has missed me, I'll have food and shelter until I die. All the logic seems to be on their side. Only," Greg looked up and saw that Daggett was waiting. He rubbed his forehead with his hand as though trying to stir up his thoughts. "Look, suppose you die at 50. You've lost your old-age security—you've lost your old age!—and all the living you gave up for it besides."

He was a persistent old man. "What kind of living?" "I don't know exactly," Greg said. "I'd like to find out what I can do; see what there is to choose from. I'd like to meet new kinds of people and do things I hadn't expected and see how I could handle a situation if I was up against it. I want—"

"A glimpse at the other side of the moon," Daggett suggested. He fell silent, sunk so deep in his thoughts that Greg waited, not wanting to disturb him.

AT length he stirred, folded his plump left hand over the withered right one. Greg was beginning to recognize the gesture as a signal that the old man was about to speak and that he instinctively tried to hide his deformity when he knew that he would be looked at.

"Well, now," he said, "I've got a kind of proposition. Not what you are looking for, probably. About all I can say is that it would take you away from those graphs. Break up the monotony." Greg was aware that the old man found it hard to describe the job because he was afraid that it would not be good enough.

"The thing is, I'm tired of sitting in this chair. About as sick as you are of figuring how many people eat cornbread. I am tired of having that aseptic bulldozer order me around like a grenadier with a mother complex. I've got some time left, maybe a few months, might even stretch it to a year or more, depending on how I live." He hastened on so that Greg would not have to utter any perfunctory words of sympathy. "So, like you, I am more interested in the present than in the future; and, like you, I've been figuring that there must be something more, something I've missed."
